

Public Presentation for the Proposed Plan for Mesa Lease Facility, Probable Maximum Flood Easement and Construction Debris Area (supporting San Onofre Nuclear Generating Station) at Marine Corps Base Camp Pendleton

Staff Contact: Tanya Clark

The U.S. Department of the Navy has scheduled a public presentation on the proposed plan of No Action/No Further Action as the preferred remedial alternative for groundwater, soil, and soil gas at the San Onofre Nuclear Generation Station Mesa Lease Facility, Probable Maximum Flood Channel, Berm and Basin Easement and Construction Debris Area (Site) located at Marine Corps Base Camp Pendleton, California. A public comment period will be held from November 16, 2023, through December 22, 2023. The public meeting for the presentation of the proposed remedy, as well as an opportunity to ask questions and submit comments will be held at:

Oceanside Library
330 N Coast Hwy
Oceanside, CA 92054

November 30, 2023, from 7pm – 8pm.

For additional information on the proposed remedy, please refer to the Site's Proposed Plan:
