

**CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN DIEGO REGION**

NOTICE OF PUBLIC REVIEW AND WRITTEN COMMENT PERIOD

The California Regional Water Quality Control Board, San Diego Region (San Diego Water Board), is releasing the *Tentative Nutrient Management Plan (NMP)* for Shady Maples Farm located at 28411 San Juan Creek Road, San Juan Capistrano for public review and written. This site-specific NMP will be implemented supplemental to the statewide Industrial General Permit (IGP, Order No. 2014-0057-DWQ, as amended) and serves as the combined measure to regulate the confined animal feeding operation at Shady Maples Farm. This NMP includes best management practices that are specific to this operation to control discharges of nutrients to surface waters, that when implemented, help to protect water quality. The San Diego Water Board is making available the NMP for a 30-day public comment period.

Document Availability

Interested persons may receive copies of the NMP by contacting Tony Felix by phone at (619) 521-5921 or by email at tony.felix@waterboards.ca.gov.

Submission of Written Comments

The San Diego Water Board is accepting written comments on the NMP. The written comments are due by 5:00 pm on Monday, December 23, 2024. Interested persons may submit written comments on the NMP during the public comment period by email to the attention of Tony Felix at SanDiego@waterboards.ca.gov. Please indicate in the subject line all written comments "Comment - NMP for Shady Maples Farm." The San Diego Water Board may refuse to accept written comments received after the deadline.
