Acknowledgments: We are grateful to the personnel of the City’s Marine Biology and Ocean Operations Laboratory for their assistance in the collection and processing of all samples and for discussions of the results. The completion of this report would not have been possible without their continued efforts and contributions. We would also like to acknowledge the City’s Wastewater Chemistry Laboratory for providing the chemistry data analyzed herein. Reviews of the various chapters were provided by J. Byrne, R. Duggan, R. Gartman, A. Groce, D. Ituarte, M. Kelly, R. Martinez-Lara, P. Michael, E. Nestler, D. Pasko, T. Stebbins, and R. Velarde.
