

**STATE OF CALIFORNIA
REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION**

**STAFF SUMMARY REPORT
STAFF: Lila Tang
MEETING DATE: March 17, 2004**

ITEM: 7.A.

SUBJECT: Student Education Programs: Water Wizards and Sewer Science –
Informational Presentation by the Central Contra Costa Sanitary District

CHRONOLOGY: Not previously considered by the Board

DISCUSSION: Staff with the Central Contra Costa Sanitary District will present a short 10 minute overview of their Student Education Programs. They recently gave a longer version of this talk at a CASA conference. I found it to be very informative and invited them to share it at the Board meeting. These programs are for grades 4 through 12, and touch on areas such as water use, sewage treatment, pollution prevention, and water analysis.

**RECOMM-
ENDATION:** Informational item; no recommendation necessary.
