RIVERSIDE COUNTY

TENTATIVE ORDER R8-2025-0021

NOTICE IS HEREBY GIVEN that the Santa Ana Regional Water Quality Control Board (Santa Ana Water Board) is releasing for public review and comment tentative Order R8-2025-0021 (Tentative Order) for the First March Logistics (Project). The Project encompasses the development of two industrial buildings totaling 559,005 square feet.

The construction of the Project will result in the permanent physical loss impacts of 0.04 acres (743 linear feet) of one (1) ephemeral drainage. The permanent impacts to waters of the State are a result of mass grading for the construction of the warehouse development and concrete transition structure to manage flows for storm drain connection. The Discharger has proposed to provide compensatory mitigation for permanent impacts to waters of the State through the purchase of 0.16 acres of enhancement credits from the Soquel Canyon Mitigation Bank. The purchase shall represent a 4:1 ratio (mitigation:impacts).

The Santa Ana Water Board intends to consider adopting the Tentative Order during a public hearing at a regularly scheduled Santa Ana Water Board meeting as follows:**Date: March 21, 2025**

Time: 9:00 AM-5:00 PM
