Applicant Name: Adam Compton

Waterboard Staff: TBA

Brief Description of Project:

Project Description: Restore damaged bridge, existing channel, and roadway under Director's Order 08-1P650.

Project Activities: The project proposes to restore the damaged State Route 38 Santa Ana River Bridge (Br. No. 54-0407), existing channel and roadway. Work will include:

1. Excavate channel (9' depth) and side slope (6' depth) down around pier #1 to level of construction, 75' upstream and 28' downstream.
2. Place RSP Fabric (Class 10) on the excavated slope and channel around pier #1.
3. Place RSP (2T, Method A) on the side slope (6' depth) and on the channel around pier #1 (9' depth).
4. Remove pine trees, clear and grub.
5. Construct temporary access road.
6. Install Water Diversion.
