(9/16/15) Board Meeting
Grazing Regulatory Action Project
Deadline: 9/3/15 by 12:00 noon

30 August 2015

To: California State Water Resources Control Board

Attn: Jeanine Townsend, Clerk to the Board

Re: Proposed Resolution to Discontinue Discussions regarding a statewide approach to addressing water quality impacts from livestock grazing

The Amador Resource Conservation District has reviewed and considered the proposed resolution of your board regarding the discontinuation of discussions regarding a statewide approach to addressing water quality impacts from livestock grazing and we have voted in our regular meeting of August 20, 2015 to support this resolution.

We believe that a regional approach to addressing potential impacts is logical, reasonable and has a rational scientific basis. It makes sense to evaluate local conditions and apply rational regulation to fit the local regional conditions.

We urge the Water Resources Control Board to pass this resolution.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Cannon", written in a cursive style.

Steve Q. Cannon
