Subject: Comment Letter - OTC Policy

Apr 10, 2010

Chairman Charlie R. Hoppin
1001 I Street
Sacramento, CA 95814

Dear Chairman Hoppin,

I urge the State Water Board to reject recently-proposed OTC policy amendments that move the state away from a path to phase out once-through cooling systems. The OTC policy needs to be strengthened significantly to reinforce the state's commitment to ensuring that these facilities adopt the "best technology available" based on swift, certain timeframes

We MUST be good stewards of our planet. All of God's creatures depend upon our doing the right thing. We need to make our planet clean and secure at all times. Please, I know that you are good people and want to do the right thing.

Please reject proposed amendments that move us backwards from this goal.

Sincerely,

Ms. Vikky Anders
