

## TENTATIVE AGENDA (4/23/07)

### **ASBS Natural Water Quality Committee May 7, 2007, 9:30-2:00 Scripps Institution of Oceanography Martin Johnson House (building T-29/8840)**

Note: The Martin Johnson House (T-29) is more than a block north of Scripps Pier. It is located on the west side of Biological Grade, off of La Jolla Shores Drive (turn off La Jolla Shores Drive near the Southwest Marine Fisheries building. The following web link shows the location of T-29 (Building #8840 on map, located just south of Biological Grade). <http://maps.ucsd.edu/Acrobat/CampusMap-Scripps.pdf>  
Arrangements will be made by Scripps for 15 parking spaces to be reserved in one of the nearby parking lots.

*State Board resolution 2004-052, Section 3.a. provides the mission of the Committee to evaluate the UCSD/SIO Monitoring Data, advise the Regional Board regarding impacts of Scripps' discharges to ASBS and to answer the questions: a) is natural water quality being altered, and b) is the marine aquatic life beneficial use in the ASBS being protected? The committee will focus on Scripps and other relevant La Jolla data to answer this main question over the permit cycle. The committee also clearly recognized the importance of their work in the context of the greater ASBS, Ocean Plan, and storm water issues. In response all have agreed that their work should provide guidance for assessing impacts to water quality in any ASBS in the State. Three areas of emphasis have been agreed on: 1) Are water quality objectives and permit limits being met? 2) What are impacts to marine species and communities? 3) What would ambient marine water quality be like without waste discharges, and how does effluent impact that water quality?*

1. 9:30 – 9:40 Approval of March 2007 minutes
2. 9:40 – 9:45 SCCWRP Contract status (Ken and Dominic)
3. 9:45 – 10:15 City of San Diego and the La Jolla Shores Coastal Management Plan (Kimberly and the City)
4. 10:15 – 11:30 Update on Statewide ASBS activities
  - a. Bodega Marine Lab, Biological Impacts Assessment, Initial Study (Dominic)
  - b. Storm Water and NPS Exception letters and enforcement (Connie)
  - c. ASBS/SWAMP regional storm water & reference monitoring (Ken)
- (11:30 - 12:30) Lunch
5. 12:30 – 2:00 Scripps Monitoring Update
  - a. RPA results (Kimberly)
  - b. Bioaccumulation Study Results (Kimberly)
  - c. Group discussion and recommendations regarding constituents/modifications
6. Adjourn

\* next meeting dates July 27 at SCCWRP and September 7 at Scripps
