

Draft California Ocean Plan Triennial Review and Workplan 2005-2008

Errata

11/4/05

Table of Contents. Change “Issue 6: Control of Ballast Water Discharges and Invasive Species...14” to “Issue 6: Control of Commercial Vessel Discharges and Invasive Species...14.”

Page 3, Table 1, Issue 6. Change “Control of Ballast Water Discharges and Invasive Species” to “Control of Commercial Vessel Discharges and Invasive Species.”

Page 14, title. Change “Issue 6: Control of Ballast Water Discharges and Invasive Species” to “Issue 6: Control of Commercial Vessel Discharges and Invasive Species.”

Page 47, Table 3, Issue 6. Change “Control of Ballast Water Discharges and Invasive Species” to “Control of Commercial Vessel Discharges and Invasive Species.”

Page 47, Table 3, Issue 17. Change “Control of Stormwater Discharges” to “Control of Storm Water Discharges.”

Page 48, Table 4, Issue 6. Change “Control of Ballast Water Discharges and Invasive Species” to “Control of Commercial Vessel Discharges and Invasive Species.”

Page 48, Table 4, Issue 17. Change “Control of Stormwater Discharges” to “Control of Storm Water Discharges.”

Page 48, Table 4, under “Other Ocean Unit Assignments”. Change “Buys and Estuaries” to “Bays and Estuaries.”

Changes to the draft based on Board direction at the November 2, 2005 Workshop

11/4/05

Page 22, Issue 10. Modify Baseline Effort to read:

Baseline Effort

Staff will continue to review studies examining the environmental impacts of desalination wastes on receiving waters as they become available. Based on that review staff would propose an amendment to the Ocean Plan to address desalination waste discharges. In developing that proposed amendment staff may incorporate flexibility for the Regional Water Quality Control Boards in situations where site specific desalination water quality objectives are needed.

Estimated Staff Effort: 0.3 PY

Page 23, Issue 10. Modify Recommended Priority to read:

Recommended Priority:

High, based on direction given by the Board at the November 2, 2005 Workshop.

Page 27, Issue 13. Modify Estimated Staff Effort under Baseline Effort to read:

Estimated Staff Effort: 0.45 PY

Page 34, Issue 17. Modify Estimated Staff Effort under Baseline Effort to read:

Estimated Staff Effort: 0.3 PY

Page 47, Table 3. Move “Issue 10. Desalination Facilities and Brine Disposal” from Medium Priority to High Priority.

Page 48, Table 4. Change the column “**PYs Recommended per issue**” for Issues 10, 13, and 17 as follows:

2005-2008 Workplan Issue Number	Issue	PYs Recommended per issue
10.	Desalination Facilities and Brine Disposal	<u>0.3</u>
13.	Review Table B Chemical WQ Objectives	<u>0.45</u>
17.	Control of Storm Water Discharges	<u>0.3</u>
