Jeanine Townsend
1001 I Street
Sacramento, CA 95812-0100

Dear Townsend,

The people of California need you to develop STRONG industrial pollution protections for our waters. We need clear limits on the amount of stormwater pollutants discharged into our water bodies in order to provide facilities a clear path to compliance, and to facilitate efficient enforcement by the state and regional water boards.

Please develop a strong, enforceable Industrial Stormwater Permit that helps ensure that California waterways are safe for swimming, drinking and fishing.

Thank you.

Sincerely,

Ms. Sherrill Futrell
