

commentletters - Storm water runoff regulation

Public Comment
Draft Construction Permit
Deadline: 6/11/08 by 12 p.m.

From: "Diane Janssen" <djanssen@barratt.com>

Date: Monday, June 09, 2008 11:40:35 AM
Subject: Storm water runoff regulation

To Whom It May Concern,

I work in the construction industry along with my husband who is in the water industry working with many municipalities in the San Diego, Riverside, Los Angeles and Orange counties areas.

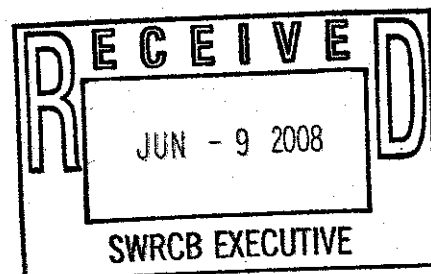

I'm writing to you to strongly oppose the consideration for the new storm water runoff regulation. This proposed regulation has not demonstrated to provide any marked improvements to water quality. Imposing this regulation will do little to improve the environment...more unproven, bureaucratic red tape that just creates more unnecessary costs to the construction industry.

Please listen to our voice.

Sincerely,

Diane Janssen
Escrow Coordinator
