

## Surfrider Foundation.

West Los Angeles/Malibu Chapter

June 25, 2010

Jeanine Townsend  
Clerk To The Board  
State Water Resources Control Board  
1001 I Street  
Sacramento, CA 95814  
commentletters@waterboards.ca.gov

To: State Water Resources Control Board (State Water Board)

**RE: Comment Letter - Malibu Septic Prohibition**

The Surfrider Foundation is a non-profit grassroots organization dedicated to the protection and enjoyment of our world's oceans, waves and beaches. Founded in 1984 by a handful of visionary surfers in Malibu, California, the Surfrider Foundation now maintains over 50,000 members and 90 chapters worldwide. We represent over 22,000 paid members in the state of California.

On behalf of the Foundation, the West Los Angeles/Malibu Chapter urges the State Water Board to 1) approve the amendment to the Basin Plan as adopted under Los Angeles Water Board Resolution No. R4-2009-007 and 2) direct the Executive Director or designee to submit the amendment adopted under Los Angeles Water Board Resolution No. R4-2009-007 to the Office of Administrative Law for approval of the regulatory provisions.

Surfrider Foundation has been advocating for improved water quality at Surfrider Beach for over two decades, and was one of the first environmental organizations that gave voice to this issue. We continue to be concerned that this important coastal resource suffers from chronic poor water quality. The poor water quality continues: since the beginning of this year's dry weather season (April 1, 2010) there have been 4 testing periods out of 11 (or 36%) on Heal The Bay's Beach Report Card (<http://www.healthebay.org/brc>) where Surfrider Beach has received an "F" rating.

We believe that Resolution No. R4-2009-007 is the only way to move forward towards meeting water quality objectives in the central Malibu area. If you have any questions regarding these comments, please don't hesitate to contact me.

Sincerely,

Michael Blum - michael.blum@gmail.com  
Subcommittee Chair, Clean Water At The Bu

# Clean Water at the Bu

We, the undersigned, are concerned about the chronic water quality impairments from the Malibu Civic Center area, Serra Retreat, and the Malibu Colony that pollute Malibu Creek, Malibu Lagoon and the surrounding beaches - including Surfrider Beach.

We ask for the following:

1. Design Legacy Park for the maximum stormwater capture and treatment utilizing treatment wetlands in the final plan.
2. Create a comprehensive solution for wastewater and stormwater treatment that fixes the chronic pollution problems caused by septic systems and onsite wastewater treatment systems in the Civic Center area, Serra Retreat, and Malibu Colony.
3. Build a wastewater treatment / water recycling facility near Legacy Park by 2011 that addresses all septic systems and onsite wastewater treatment systems in the Civic Center area, Malibu Colony, and Serra Retreat.
4. A moratorium on all future development in the area until the projects above are complete.

We want to emphasize that the simultaneous and integrated implementation of a comprehensive water quality improvement plan is fundamental to sound land use planning - and consequently our support for the City of Malibu's efforts.

## Signed

## Clean Water at the Bu

We, the undersigned, are concerned about the number of times Surfrider Beach fails to meet clean water standards. In the dry season of 2008, Surfrider Beach exceeded safe levels of bacteria 74 times. We believe that impaired septic systems in the Malibu Civic Center area, Serra Retreat, and the Malibu Colony caused these failures. We support efforts by the Los Angeles Regional Water Quality to provide a wastewater solution for the area affecting water quality at Surfrider Beach. We want to emphasize that the implementation of an integrated wastewater and stormwater treatment plan is fundamental to sound city planning.

We ask for the following:

1. The Los Angeles Regional Water Quality Control Board (RWQCB) create an integrated wastewater and stormwater treatment plan for the Lower Malibu Creek Watershed. Focus this system on alleviating chronic pollution problems at Surfrider Beach.
2. A moratorium on all future development in the area until the integrated system above is complete.
3. The City of Malibu and the RWQCB begin these plans by 2011, and move to better protect the health of 1.5 million recreational users at Surfrider Beach.

## Signed
