OPINION

This application having been protested, was regularly
set for hearing of which applicant and protestants were duly
notified at which time both applicant and protestants were ad-
vised that on the basis of the information then before the
Division of Water Resources it would appear that the proposed
appropriation would cause no substantial interference with rights
claimed by protestants.

No appearance was made by either applicant or the
protestants at the hearing and no further word of objection
to approval of the application having been received from the
protestants it is deemed appropriate to approve the proposed
appropriation.

ORDER

IT IS THEREFORE ORDERED that Application 9432 be approved subject to such of the usual terms and conditions as may be appropriate.

WITNESS my hand and the seal of the Department of Public Works of the State of California this 31 day of August, 1938.
