**Re: Water Right Application 31034 of Gordon Family Ranch
SWRCB Reference No. 332:IJB:31034**

Dear Mr. Herrera:

On July 16, 2004 we submitted a Petition for Change for the above referenced water right application pursuant to your letter dated May 18, 2004. On July 22, 2004 we submitted three completed and signed copies of the Memorandum of Understanding to the SWRCB for the preparation of the environmental documents and also revised the project under the Petition for Change. On July 23, 2004 the SWRCB returned the Petition for Change stating that it was incomplete. At this time we are resubmitting the Petition for Change for the above referenced water right application and submitting the Environmental Information Form which was not submitted with the original petition. The following summarizes all changes to the project under the Petition for Change:

- Point of Diversions #1, #2 & #3 are to be abandoned
- Existing 15 acre-foot reservoir at Point of Diversion #4 will not be enlarged.
- 49 acre-foot reservoir at Point of Diversion 5 is added
- Point of Diversion #6 is added
- Point of Diversion #7 is added
- Total Place of Use is reduced from 159 acres to 95 acres
- Total water sought by this Application is reduced from 220 acre-feet to 64 acre-feet

Also included with this Petition for Change is a check in the amount of \$1000 payable to the Division of Water Rights for the Petition Filing Fee and a check in the amount of \$850 payable to the Department of Fish and Game for the Fish and Game Filing Fee.
