PETITION FOR EXTENSION OF TIME

		TER USERS: olicationPermit
2. Issuing a license for the amount of water heretofore placed to beneficial use under the terms of the permit. 3. Granting a reasonable extension of time to complete construction work and/or full beneficial use of water. The time previously allowed in your permit within which to complete construction work and/or use of water has either expired or will expire shortly. Please check below the action you wish taken on this permit. The project has been abandoned and I request revocation of the permit. Signature Full use of water has been made, both as to amount and season, and I request license be issued. Signature The project is not yet complete. I request the SWRCB's consideration of the following petition for an extension of time. PETITION FOR EXTENSION OF TIME If START of construction has been delayed Complete items 1, 2, and 3. 1. What has been done since permit was issued toward commencing construction?	bena time com	efferal use. The State Water Resources Control Board (SWRCB), in considering requests to extension of the constant with the facts presented to determine whether there is good cause for granting an extension of time to uplete the project. Where diligence in completing the project is not fully substantiated, the SBRCB may set matter for hearing to determine the facts upon which to base formal action relating to the permit. Formal
The time previously allowed in your permit within which to complete construction work and/or use of water has either expired or will expire shortly. If construction work is proceeding

If construction work and/or use of water is proceeding but is not complete, an extension of time may be petitioned by completing items 4 through 16. Statements must be restricted to construction or use of water only under this permit.

· ·	A year extension of time is requested to complete construction work and/or
	beneficial use of water. (Indicate period of time. Must be consistent with time frame allowed in "Guidelines for considering Petitions for Extensions of Time.")
Š.	How much water has been used? cfs
5,	How many acres have been irrigated? <u>200</u>
	How many houses or people have been served water?
3.	Extent of past use of water for any other purpose.
j	What construction work has been completed during the last extension? RESV., 200 Ac. DEVELOPET
Ù	Approximate amount spent on project during last extension period. S
11.	Estimate date construction work will be completed. 2010
12.	Estimated year in which water will be fully used. 2010
13.	Reasons why construction and/or use of water were not completed within time previously allowed. VINEYARD HAS BEEN EQUANTED @ TIGHTER VINE DENSIT
by p	e use of water is for municipal (including industrial) and irrigation supplies and is provided or regulated ublic agencies and use of the water has commenced, but additional time is needed to reach full use

ENVIRONMENTAL INFORMATION FOR PETITIONS

(THIS IS NOT A CEQA DOCUMENT)

APPLICATION NO. 24433A3, B3 PERMIT NO. 18119A3, B3 LICENSE NO.

The following information will aid in the environmental review of your change petition as required by the California Environmental Quality Act (CEQA). IN ORDER FOR YOUR CHANGE PETITION TO BE ACCEPTED AS COMPLETED, ANSWERS TO THE QUESTIONS LISTED BELOW MUST BE COMPLETED TO THE BEST OF YOUR ABILITY. Failure to answer all questions may result in your change petition being returned to you, causing delays in processing. If you need more space, attach additional sheets. Additional information may be required from you to amplify further or clarify the information requested in this form.

DISCRIPTION OF CHANGES TO PROJECT

of construction activity, structures existing or to be built, area to be graded or excavated, changes in land use, and project operational changes, including changes in how the water will be used. These petitions are being filed for an extension of time to allow additional time to develop
adequate records of water diversion and use under the permits. No changes to the project wi
occur as a result of these petitions.

GOVERNMENTAL REQUIREMENTS

Before a final decision can be made on your change petition, we must consider the information contained in an environmental document prepared in compliance with the requirements of CEQA. If an environmental document has been prepared for your proposed changes by another agency, we must consider it. If one has not been prepared, a determination must be made as to who is responsible for the preparation of the environmental document for your change petition. The following questions are designed to aid us in that determination.

2.	Co: a.	ntact your county planning or public works department for the following information: Person contacted not required Date of contact
		Department Telephone ()
	b.	Assessor's Parcel No. 030-200-067, 068, 070, 071, & 072
	Ĉ.	County Zoning Designation Ag Watershed
	d.	Are any county permits required for your proposed changes? no If yes, check appropriate space below:
		Grading Permit, Use Permit, Watercourse Obstruction Permit, Change of Zoning, General Plan Change, Other (explain):
	C.	Have you obtained any of the required permits described above? If yes, provide a complete copy of each permit obtained.
3.	froi Soi Rec whi	any additional state or federal permits required for your proposed changes? No Management , no Management, Educated Energy Regulatory Commission, U.S. Forest Service, Bureau of Land Management, Conservation Service, Department of Water Resources (Division of Safety of Dams), Education Board, Coastal Commission, State Lands Commission, etc.) For each agency from the permit is required provide the following information: mit type
		son (s) contacted Agency
		e of contact Telephone ()
4.	Has cha	any public agency prepared an environmental document for any aspect of your proposed nges? no changes proposed
	the exp an e	o, please submit a copy of the latest environmental document (s) prepared, including a copy of notice of determination adopted by the public agency. If not, explain below whether you get that a public agency other than the State Water Resources Control Board will be preparing invironmental document for your change petition or whether the applicant, if it is a California lie agency, will be preparing the environmental document for your change petition:

Note: When completed, please submit a copy of the final environmental document (including notice of determination) or notice of exemption to the State Water Resources Control Board. Processing of your change petition cannot proceed until such documents are submitted. Will your proposed changes, during construction or operation, generate waste or wastewater containing such things as sewage, industrial chemicals, metals, or agricultural chemicals, or
Processing of your change petition cannot proceed until such documents are submitted. Will your proposed changes, during construction or operation, generate waste or wastewater
Will your proposed changes, during construction or operation, generate waste or wastewater containing such things as sewage, industrial chemicals, metals, or agricultural chemicals, or
cause erosion, turbidity or sedimentation? no If so, explain:
If yes or you are unsure of your answer, contact your local Regional Water Quality Control Board for the following information (See attachment for address and telephone number):
Wili a waste discharge permit be required for your petition?
Person contacted Date of contact
What method of treatment and disposal will be used?
Have any archeological reports been prepared on this project, or will you be preparing an archeological report to satisfy another public agency? no
Do you know of any archeological or historic sites located within the general project area?
no If so, explain:
IRONMENTAL SETTING
Attach THREE COMPLETE SETS of color photographs, clearly dated and labeled, showing

- a. Along the stream channel immediately downstream from the proposed point(s) of diversion
- b. Along the stream channel immediately upstream from the proposed point(s) of diversion
- c. At the place(s) where the water is to be used

<u>Note</u>: It is very important that you submit no less than <u>three complete sets of photographs</u> as required above. If less than three sets are submitted, processing of your change petition will be delayed until you furnish the remaining sets!

8. From the list given below, mark or circle the general plant community types which best describe those which occur within you project area (Note: See footnote denoted by * under Question 11 below):

Tree Dominated Communities

Subalpine Conifer

Red Fir

Lodgepole Pine

Mixed Conifer

Sierran Mixed Conifer

White Fir

Klamath Mixed Conifer

Douglas-Fir

Jeffrey Pine

Ponderosa Pine

Eastside Pine

Redwood

Pinyon-Juniper

Juniper

Aspen

Closed-Cone Pine-Cypress

Montane Hardwood-Conifer

Montane Hardwood

Valley Foothill Hardwood

Blue Oak Woodland

Valley Oak Woodland

Coastal Oak Woodland

Valley Foothill Hardwood-Conifer

Blue Oak-Digger Pine

Eucalyptus

Montane Riparian

Valley Foothill Riparian

Desert Riparian

Palm Oasis

Joshua Tree

Shrub Dominated Communities

Alpine Dwarf-Shrub

Low Sage

Bitterbrush

Sagebrush

Montane Chaparral

Mixed Chapacral

Chamise-Redshank Chaparral

Coastal Scrub

Desert Succulent Shrub

Desert Wash

Desert Scrub

Alkali Desert Scrub

Herbaccous Dominated Communities

Annual Grassland

Perennial Grassland

Wet Meadow

Fresh Emergent Wetland

Saline Emergent Wetland

Pasture

Aquatic Communities

Riverine

Lacustrine

Estuarine

Marine

Developed Communities

Cropland

Orchard-Vineyard

Urban

Literature source: Mayer, K.E., and W.F. Laudenslayer, Jr., (eds). 1988. A Guide to Wildlife Habitats of California. California Department of Forestry and Fire Protection, Sacramento. 166 pp. (Note: You may view a copy of this document qt our public counter at the address given

and Game, Wildlife Habitat Relationships (WHR) Program at (916) 653-7203). Provide below an estimate of the type, number, and size (trunk/stem diameter at chest height) of trees and large shrubs that are planned to be removed or destroyed due to implementation of the proposed changes. Consider all aspects of your change petition, including changes in diversion structures, water distribution and use facilities, and changes in the place of use due to additional water development. No trees will be removed as a result of this extension of time to develop records. FISH AND WILDLIFE CONCERNS 10. Identify the typical species of fish which occur in the source(s) from which you propose to divert water and discuss whether or not any of these fish species or their habitat has been or would be affected by your proposed changes. (Note: See footnote denoted by * under Question 11 below): Steelhead Trout and other game/non-game species. No fish species will be affected by this extension of time to develop records. 11. Identify the typical species of riparian and terrestrial wildlife in the area and discuss whether or not any of these species and/or their habitat has been or would be affected by your proposed changes through construction of additional water diversion and distribution works and/or changes in land use in the place of water use. (Note: See footnote denoted by * below): Wildlife is typical to existing vineyard on the valley floor. No species will be affected by this extension of time to develop records.

at the top of this form or you may purchase a copy by calling the California Department of Fish

*Note: The purposes of Question 10 and 11 are to provide a preliminary assessment of the presence of typical plant and animal species in the area and whether these species might be affected by your proposed changes. Detailed site surveys to quantify populations of specific species or determine the presence of rare or endangered species may be required at a later date. It is very important that you answer these questions accurately. If you are unable to obtain appropriate answers from your local California Department of Fish and Game biologists (See attachment for address and telephone number) or you do not have adequate information or expertise to complete your answers, you should hire a fishery consultant and/or a wildlife consultant to review your project and prepare suitable answers for you. For information on available qualified fishery or wildlife consultants near you, consult your local telephone directory yellow pages under Environmental and Ecological Services, or call the California Environmental Protection Agency, Registered Environmental Assessor (REA) Program, at (916) 324-6881 or the University of California, Cooperative Extension Service (See your local telephone directory white pages). 12. Do your proposed changes involve any construction or grading-related activity which has significantly altered or would significantly alter the bed or bank of any stream or lake? 10 If so, explain:
CERTIFICATION
I hereby certify that the statements I have furnished above and in the attached exhibits are complete to the best of my ability, and that the facts, statements, and information presented are true and correct to the best of my knowledge.
