

PETITION FOR CHANGE
(WATER CODE 1700)

Point of Diversion, Point of Rediversion, Place of Use, Purpose of Use
Application 576 Permit 315 License 3065 Statement or Other _____

I (we) hereby petition for change(s) noted above and shown on the accompanying map and described as follows:

Point of Diversion or Rediversion (Give coordinate distances from section corner or other ties as allowed by Cal CR 715, and the 40-acre subdivision in which the present & proposed points lie.)

Present

Wilkins Slough Plant: South eighty degrees seventeen minutes east (S 80° 17' E) nine hundred (900) feet from the NW corner of lot 35, as said lot is delineated and so designated on that certain map entitled "Map of Yolo Land Company Subdivision No. 1," filed November 6, 1912, in book 1, page 86, Records of Surveys, Colusa County Records, and being within the SW 1/4 of SE 1/4 of projected Section 23, T 14 N, R 1 E, M.D.B.&M. 22-35 212-07 6-27-07

Steiner Bend North Plant: North forty-seven degrees forty-five minutes east (N 47° 45' E) six hundred fifty (650) feet from the NW corner of Lot 215, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 1, T 13 N, R 1 E, M.D.B.&M.

Steiner Bend South Plant: South five hundred degrees no minutes west (S 500° 00' W) one thousand four hundred forty (1440) feet from the NE corner of Lot 230, as said lot is delineated and so designated on that certain map entitled, "Map of River Garden Farms Subdivision No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the NW 1/4 of the SW 1/4 of projected Section 12, T 13 N, R 1 E, M.D.B.&M.

Boyers Bend Pumping Plant: North eighty-six degrees thirty-two minutes east (N 86° 32' E) eight hundred seventeen (817) feet from the SW corner of Lot 332, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 22, T 13 N, R 1 E, M.D.B. & M.

Howells Landing Pumping Plant: North eighty-four degrees thirty minutes east (N 84° 30' E) one thousand eight hundred forty (1840) feet from the SW corner of Lot 435, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records and being within the NW 1/4 of SW 1/4 of projected Section 35, T 13 N, R 1 E, M.D.B & M.

Tyndall Mound Pumping Plant: South seventy-five degrees forty-seven minutes east (S 75° 47' E) two thousand six hundred thirty-nine (2639) feet from the NW corner of Section 12, T 12 N, R 1 E, M.D.B.&M., and being within the NE 1/4 of NW 1/4 of said Section 12.

El Dorado Bend Plant: North thirty-three degrees one and one-half minutes east (N 33° 1 1/2' E) eight thousand four hundred and six-tenths (8,400.6) feet from the SW corner of Section 31, T 12 N, R 2 E, M.D.&M. and being within the NE 1/4 of SE 1/4 of projected Section 30, T 12 N, R 2 E, M.D.B.&M.

Proposed

Wilkins Slough Plant: South eighty degrees seventeen minutes east (S 80° 17' E) nine hundred (900) feet from the NW corner of lot 35, as said lot is delineated and so designated on that certain map entitled "Map of Yolo Land Company Subdivision No. 1," filed November 6, 1912, in book 1, page 86, Records of Surveys, Colusa County Records, and being within the SW 1/4 of SE 1/4 of projected Section 33, T 14 N, R 1 E, M.D.B.&M. Sec 33

Steiner Bend North Plant: North forty-seven degrees forty-five minutes east (N 47° 45' E) six hundred fifty (650) feet from the NW corner of Lot 215, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 1, T 13 N, R 1 E, M.D.B.&M.

Steiner Bend South Plant: South five hundred degrees no minutes west (S 500° 00' W) one thousand four hundred forty (1440) feet from the NE corner of Lot 230, as said lot is delineated and so designated on that certain map entitled, "Map of River Garden Farms Subdivision

12-14-07
5/11/08
DPC
5/11/08
5/11/08
5/11/08

No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the NW 1/4 of the SW 1/4 of projected Section 12, T 13,N, R 1 E, M.D.B.&M.

Boyers Bend Pumping Plant: North eighty-six degrees thirty-two minutes east (N 86° 31' E) eight hundred seventeen (817) feet from the SW corner of Lot 332, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 22, T 13 N, R 1 E, M.D.B. & M.

Proposed Poundstone Pumping Plant: SW 1/4 of SW 1/4 of Section 26, T. 13 N, R. 1 E, M.D.B.&M.

Howells Landing Pumping Plant: North eighty-four degrees thirty minutes east (N 84° 30' E) one thousand eight hundred forty (1840) feet from the SW corner of Lot 435, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records and being within the NW 1/4 of SW 1/4 of projected Section 35, T 13 N, R 1 E, M.D.B & M.

Tyndall Mound Pumping Plant: South seventy-five degrees forty-seven minutes east (S 75° 47' E) two thousand six hundred thirty-nine (2639) feet from the NW corner of Section 12, T 12 N, R 1 E, M.D.B.&M., and being within the NE 1/4 of NW 1/4 of said Section 12.

El Dorado Bend Plant: North thirty-three degrees one and one-half minutes east (N 33° 1 1/2' E) eight thousand four hundred and six-tenths (8,400.6) feet from the SW corner of Section 31, T 12 N, R 2 E, M.D.&M. and being within the NE 1/4 of SE 1/4 of projected Section 30, T 12 N, R 2 E, M.D.B.&M.

Place of Use (if irrigation then state number of acres to be irrigated within each 40-acre tract.)

Present A net irrigable area of thirty-eight thousand five hundred ten (38510) acres within the boundaries of Reclamation District No. 108 and being within T 11 N, R 1 E; T 12 N, R 1 & 2 E; T 13 N, R 1 W & 1 E; and T 14 N, R 1 W & 1 E, M.D.B. & M.

Proposed (no change)

Purpose of Use

Present Irrigation

Proposed Irrigation (no change)

Does the proposed use serve to preserve or enhance wetlands habitat, fish and wildlife resources, or recreation in or on the water (See WC 1707)? Yes No N/A (no change in purpose of use)

• GIVE REASON FOR PROPOSED CHANGE: Juvenile winter-run Chinook salmon, spring-run Chinook salmon, other salmon races, steelhead, green sturgeon, and a variety of other resident and migratory fish species are subject to entrainment at the unscreened Boyer's Bend, Howells Landing, and Tyndall Mound Pumping Plants. The RD 108 unscreened diversions are located on the Sacramento River in an area designated as critical habitat for winter-run and spring-run Chinook salmon, Central Valley steelhead, and essential fish habitat (EFH) for Pacific Salmon. RD 108 proposes to construct and operate a combined pumping plant and positive barrier fish screen to eliminate entrainment mortality on juvenile and adult fish inhabiting the Sacramento River. The Boyer's Bend, Howells Landing, and Tyndall Mound diversions would be decommissioned and removed from the river. The combined pumping plant and fish screen, in combination with additional canal distribution facilities, would be operated to provide water supplies for agricultural irrigation and related rice straw decomposition.

• WILL THE OLD POINT OF DIVERSION OR PLACE OF USE BE ABANDONED? Yes No

• WATER WILL BE USED FOR Irrigation PURPOSES

I (we) have access to the proposed point of diversion or control the proposed place of use by virtue of? Recorded Easements
(ownership, lease verbal or written agreement)

Are there any persons taking water from the stream between the old point of return flow and the new point of return flow? Yes No
If by lease or agreement, state the name and address of party(s) from whom access has been obtained.

George Michael Bedinger, 4011 W 232nd Street, Torrance, CA 90505 William Erdman, 28 Southwood Drive, Woodland, CA 95695

James Erdman, 48 Walnut Tree Court, Colusa, CA 95932 River Garden Farms, 41758 Country Road 112, Knights Landing, CA 95645

Thomas W. Ellis, P.O. Box 6, Grimes, CA 95950

Give name and address of any person(s) taking water from the stream between the present point of diversion or redirection and the proposed point of diversion or redirection, as well as any other person(s) known to you who may be affected by the proposed change.

P. Fargo & N. Haggerty Masaru Wakida et ux

Thomas L. Nelson John D. Reynen

Thomas W. Ellis

THIS CHANGE DOES NOT INVOLVE AN INCREASE IN THE AMOUNT OF THE APPROPRIATION OR SEASON OF USE. I (we) declare under penalty of perjury that the above is true and correct to the best of my (our) knowledge and belief.

Application 1589 Permit 1885 License 3067 Statement or Other _____

I (we) hereby petition for change(s) noted above and shown on the accompanying map and described as follows:

Point of Diversion or Rediversion (Give coordinate distances from section corner or other ties as allowed by Cal CR 715, and the 40-acre subdivision in which the present & proposed points lie.)

Present

Wilkins Slough Plant: South eighty degrees seventeen minutes east (S 80° 17' E) nine hundred (900) feet from the NW corner of lot 35, as said lot is delineated and so designated on that certain map entitled "Map of Yolo Land Company Subdivision No. 1," filed November 6, 1912, in book 1, page 86, Records of Surveys, Colusa County Records, and being within the SW 1/4 of SE 1/4 of projected Section 33, T 14 N, R 1 E, M.D.B.&M. *Sec. 33*

Steiner Bend North Plant: North forty-seven degrees forty-five minutes east (N 47° 45' E) six hundred fifty (650) feet from the NW corner of Lot 215, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 1, T 13 N, R 1 E, M.D.B.&M. *Sec. 1*

Steiner Bend South Plant: South five hundred degrees no minutes west (S 500° 00' W) one thousand four hundred forty (1440) feet from the NE corner of Lot 230, as said lot is delineated and so designated on that certain map entitled, "Map of River Garden Farms Subdivision No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the NW 1/4 of the SW 1/4 of projected Section 12, T 13 N, R 1 E, M.D.B.&M.

Boyers Bend Pumping Plant: North eighty-six degrees thirty-two minutes east (N 86° 32' E) eight hundred seventeen (817) feet from the SW corner of Lot 332, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 22, T 13 N, R 1 E, M.D.B. & M.

Howells Landing Pumping Plant: North eighty-four degrees thirty minutes east (N 84° 30' E) one thousand eight hundred forty (1840) feet from the SW corner of Lot 435, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records and being within the NW 1/4 of SW 1/4 of projected Section 35, T 13 N, R 1 E, M.D.B. & M.

Tyndall Mound Pumping Plant: South seventy-five degrees forty-seven minutes east (S 75° 47' E) two thousand six hundred thirty-nine (2639) feet from the NW corner of Section 12, T 12 N, R 1 E, M.D.B.&M., and being within the NE 1/4 of NW 1/4 of said Section 12.

El Dorado Bend Plant: North thirty-three degrees one and one-half minutes east (N 33° 1 1/2' E) eight thousand four hundred and six-tenths (8,400.6) feet from the SW corner of Section 31, T 12 N, R 2 E, M.D.&M. and being within the NE 1/4 of SE 1/4 of projected Section 30, T 12 N, R 2 E, M.D.B.&M.

Proposed

Wilkins Slough Plant: South eighty degrees seventeen minutes east (S 80° 17' E) nine hundred (900) feet from the NW corner of lot 35, as said lot is delineated and so designated on that certain map entitled "Map of Yolo Land Company Subdivision No. 1," filed November 6, 1912, in book 1, page 86, Records of Surveys, Colusa County Records, and being within the SW 1/4 of SE 1/4 of projected Section 33, T 14 N, R 1 E, M.D.B.&M. *Sec. 33*

Steiner Bend North Plant: North forty-seven degrees forty-five minutes east (N 47° 45' E) six hundred fifty (650) feet from the NW corner of Lot 215, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 1, T 13 N, R 1 E, M.D.B.&M.

Steiner Bend South Plant: South five hundred degrees no minutes west (S 500° 00' W) one thousand four hundred forty (1440) feet from the NE corner of Lot 230, as said lot is delineated and so designated on that certain map entitled, "Map of River Garden Farms Subdivision No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the NW 1/4 of the SW 1/4 of projected Section 12, T 13 N, R 1 E, M.D.B.&M.

No. 4," filed March 3, 1913, in Book 1, Page 91, Records of Surveys, Colusa County Records, and being within the NW 1/4 of the SW 1/4 of projected Section 12, T 13 N, R 1 E, M.D.B. & M.

Boyers Bend Pumping Plant: North eighty-six degrees thirty-two minutes east (N 86° 31' E) eight hundred seventeen (817) feet from the SW corner of Lot 332, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records, and being within the SE 1/4 of SE 1/4 of projected Section 22, T 13 N, R 1 E, M.D.B. & M.

Proposed Poundstone Pumping Plant: SW 1/4 of SW 1/4 of Section 26, T. 13 N, R. 1 E, M.D.B. & M.

Howells Landing Pumping Plant: North eighty-four degrees thirty minutes east (N 84° 30' E) one thousand eight hundred forty (1840) feet from the SW corner of Lot 435, as said lot is delineated and so designated on that certain map entitled "Map of River Garden Farms Subdivision No. 5," filed July 7, 1913, in Book 1, Page 100, Records of Surveys, Colusa County Records and being within the NW 1/4 of SW 1/4 of projected Section 35, T 13 N, R 1 E, M.D.B. & M.

Tyndall Mound Pumping Plant: South seventy-five degrees forty-seven minutes east (S 75° 47' E) two thousand six hundred thirty-nine (2639) feet from the NW corner of Section 12, T 12 N, R 1 E, M.D.B. & M., and being within the NE 1/4 of NW 1/4 of said Section 12.

El Dorado Bend Plant: North thirty-three degrees one and one-half minutes east (N 33° 1 1/2' E) eight thousand four hundred and six-tenths (8,400.6) feet from the SW corner of Section 31, T 12 N, R 2 E, M.D. & M. and being within the NE 1/4 of SE 1/4 of projected Section 30, T 12 N, R 2 E, M.D.B. & M.

Place of Use (if irrigation then state number of acres to be irrigated within each 40-acre tract.)

Present A net irrigable area of thirty-eight thousand five hundred ten (38510) acres within the boundaries of Reclamation District No. 108 and being within T 11 N, R 1 E; T 12 N, R 1 & 2 E; T 13 N, R 1 W & 1 E; and T 14 N, R 1 W & 1 E, M.D.B. & M.

Proposed (no change)

Purpose of Use

Present Irrigation

Proposed Irrigation (no change)

Does the proposed use serve to preserve or enhance wetlands habitat, fish and wildlife resources, or recreation in or on the water (See WC 1707)? Yes No N/A (no change in purpose of use)

- GIVE REASON FOR PROPOSED CHANGE: Juvenile winter-run Chinook salmon, spring-run Chinook salmon, other salmon races, steelhead, green sturgeon, and a variety of other resident and migratory fish species are subject to entrainment at the unscreened Boyer's Bend, Howells Landing, and Tyndall Mound Pumping Plants. The RD 108 unscreened diversions are located on the Sacramento River in an area designated as critical habitat for winter-run and spring-run Chinook salmon, Central Valley steelhead, and essential fish habitat (EFH) for Pacific Salmon. RD 108 proposes to construct and operate a combined pumping plant and positive barrier fish screen to eliminate entrainment mortality on juvenile and adult fish inhabiting the Sacramento River. The Boyer's Bend, Howells Landing, and Tyndall Mound diversions would be decommissioned and removed from the river. The combined pumping plant and fish screen, in combination with additional canal distribution facilities, would be operated to provide water supplies for agricultural irrigation and related rice straw decomposition.

- WILL THE OLD POINT OF DIVERSION OR PLACE OF USE BE ABANDONED? Yes No

- WATER WILL BE USED FOR Irrigation PURPOSES

I (we) have access to the proposed point of diversion or control the proposed place of use by virtue of? Recorded Easements
(ownership, lease verbal or written agreement)

Are there any persons taking water from the stream between the old point of return flow and the new point of return flow? Yes No
If by lease or agreement, state the name and address of party(s) from whom access has been obtained.

George Michael Bedinger, 4011 W 232nd Street, Torrance, CA 90505 William Erdman, 28 Southwood Drive, Woodland, CA 95695

James Erdman, 48 Walnut Tree Court, Colusa, CA 95932 River Garden Farms, 41758 Country Road 112, Knights Landing, CA 95645

Thomas W. Ellis, P.O. Box 6, Grimes, CA 95950

Give name and address of any person(s) taking water from the stream between the present point of diversion or redirection and the proposed point of diversion or redirection, as well as any other person(s) known to you who may be affected by the proposed change.

PETITION FOR CHANGE
(WATER CODE 1700)

Point of Diversion, Point of Rediversion, Place of Use, Purpose of Use
Application 31436 Permit _____ License _____ Statement or Other _____

I (we) hereby petition for change(s) noted above and shown on the accompanying map and described as follows:

Point of Diversion or Rediversion (Give coordinate distances from section corner or other ties as allowed by Cal CR 715, and the 40-acre subdivision in which the present & proposed points lie.)

Present

Wilkins Slough: NW 1/4 of NE 1/4 of Section 2, T 3, R 1 E, M.D.B. & M.

Proposed

Wilkins Slough: NW 1/4 of NE 1/4 of Section 2, T 3, R 1 E, M.D.B. & M.

Proposed Poundstone Pumping Plant: SW 1/4 of SW 1/4 of Section 26, T. 13 N, R. 1 E, M.D.B. & M.

Place of Use (if irrigation then state number of acres to be irrigated within each 40-acre tract.)

Present A net irrigable area of eighteen thousand (18,000) acres within the boundaries of Reclamation District No. 108 and individual ownership currently supplied water by Reclamation District No. 108 and being within T 11 N, R 1 & 2 E; T 12 N, R 1 & 2 E; T 13 N, R 1 W & 1 E; T 13 N, R 2 E; and T 14 N, R 1 W & 1 E, M.D.B. & M.

Proposed (no change)

Purpose of Use

Present Irrigation/Wildlife Enhancement/Rice Straw Decomposition/Recreation

Proposed Irrigation/Wildlife Enhancement/Rice Straw Decomposition/Recreation (no change)

Does the proposed use serve to preserve or enhance wetlands habitat, fish and wildlife resources, or recreation in or on the water (See WC 1707)? Yes No N/A (no change in purpose of use)

- GIVE REASON FOR PROPOSED CHANGE: Juvenile winter-run Chinook salmon, spring-run Chinook salmon, other salmon races, steelhead, green sturgeon, and a variety of other resident and migratory fish species are subject to entrainment at the unscreened pumping plants. RD 108 proposes to construct and operate a combined pumping plant and positive barrier fish screen to eliminate entrainment mortality on juvenile and adult fish inhabiting the Sacramento River, the Poundstone Pumping Plant. The Poundstone Pumping Plant would replace certain diversions along the Sacramento River that are unscreened and located in an area designated as critical habitat for winter-run and spring-run Chinook salmon, Central Valley steelhead, and essential fish habitat (EFH) for Pacific Salmon. Although Wilkin's Slough is already a screened facility and, thus, would not be replaced by the Poundstone Pumping Plant, RD 108 needs to utilize the Poundstone Pumping Plant as an alternate point of diversion.
- WILL THE OLD POINT OF DIVERSION OR PLACE OF USE BE ABANDONED? Yes No
- WATER WILL BE USED FOR Irrigation/Wildlife Enhancement/Rice Straw Decomposition/Recreation PURPOSES

I (we) have access to the proposed point of diversion or control the proposed place of use by virtue of? Recorded Easements
