DIV OF WATER RIGHTS SACRAMENTO

PETITION FOR CHANGE

Separate petitions are required for each water right. Mark all areas that apply to your proposed change(s). Incomplete forms may not be accepted. Location and area information must be provided on maps in accordance with established requirements. (Cal. Code Regs., tit. 23, § 715 et seq.) Provide attachments if necessary.

- Point of Diversion, Point of Rediversion, Place of Use, Purpose of Use, Distribution of Storage, Temporary Urgency, Instream Flow Dedication, Waste Water, Split, Terms or Conditions, Other, Application, Permit, License, Statement

I (we) hereby petition for change(s) noted above and described as follows:

Point of Diversion or Rediversion - Provide source name and identify points using both Public Land Survey System descriptions to 1/4-1/4 level and California Coordinate System (NAD 83).

Present: Ventura Water Reclamation Facility (WRF). Latitude: 34°14'31.19"N, Longitude: 119°15'31.46"W. PLSS: Mining Claim Authorization Cases. State Plane Coordinates: 583032.178, 1884049.994.
Proposed: No change is proposed to the current discharge location. However, a discharge flow reduction to the Santa Clara River Estuary is proposed to increase the volume of recycled water for new uses.

Place of Use - Identify area using Public Land Survey System descriptions to 1/4-1/4 level; for irrigation, list number of acres irrigated.

Present: Discharge to the Santa Clara River Estuary.
Proposed: Within Ventura County, for dust control purposes and also potential residential use for irrigation.

Purpose of Use

Present: Discharge to the Santa Clara River Estuary.
Proposed: Provide recycled water to AERA Energy LLC, the Ventura Dept. of Transportation, and potential residential customers to offset potable uses.

Split

Provide the names, addresses, and phone numbers for all proposed water right holders.

The City of Ventura has retained all rights to use recycled water produced from wastewater originating in its service area. Treated wastewater discharged to the Santa Clara River Estuary is not subject to downstream water rights, as there are no users of the SCR located downstream of the Ventura WRF discharge to the Santa Clara River Estuary.

In addition, provide a separate sheet with a table describing how the water right will be split between the water right holders: for each party list amount by direct diversion and/or storage, season of diversion, maximum annual amount, maximum diversion to offstream storage, point(s) of diversion, place(s) of use, and purpose(s) of use. Maps showing the point(s) of diversion and place of use for each party should be provided.

Distribution of Storage

Present: N/A
Proposed: N/A

Handwritten notes: CHK # 170464 \$1000 2/23/15 PB, REC, CHK # 170564 \$850 2/23/15 PB

Temporary Urgency

This temporary urgency change will be effective from to

Include an attachment that describes the urgent need that is the basis of the temporary urgency change and whether the change will result in injury to any lawful user of water or have unreasonable effects on fish, wildlife or instream uses.

Instream Flow Dedication – Provide source name and identify points using both Public Land Survey System descriptions to ¼-¼ level and California Coordinate System (NAD 83).

Upstream Location:
Downstream Location:

List the quantities dedicated to instream flow in either: cubic feet per second or gallons per day:

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

Will the dedicated flow be diverted for consumptive use at a downstream location? Yes No
If yes, provide the source name, location coordinates, and the quantities of flow that will be diverted from the stream.

Waste Water

If applicable, provide the reduction in amount of treated waste water discharged in cubic feet per second.

Will this change involve water provided by a water service contract which prohibits your exclusive right to this treated waste water? Yes No

Will any legal user of the treated waste water discharged be affected? Yes No

General Information – For all Petitions, provide the following information, if applicable to your proposed change(s).

Will any current Point of Diversion, Point of Storage, or Place of Use be abandoned? Yes No

I (we) have access to the proposed point of diversion or control the proposed place of use by virtue of:
 ownership lease verbal agreement written agreement

If by lease or agreement, state name and address of person(s) from whom access has been obtained.

Give name and address of any person(s) taking water from the stream between the present point of diversion or redirection and the proposed point of diversion or redirection, as well as any other person(s) known to you who may be affected by the proposed change.

AERA ENERGY, LLC, 3382 N. Ventura Avenue, Ventura, CA 93001
County of Ventura Public Works Transportation Department, 11251-A Riverband Drive, Ventura CA 93004
Potential residential users within the City of Ventura

All Right Holders Must Sign This Form: I (we) declare under penalty of perjury that this change does not involve an increase in the amount of the appropriation or the season of diversion, and that the above is true and correct to the best of my (our) knowledge and belief. Dated at
