Dear Chairman Hoppin

I am greatly concerned about  
The quality of The Russian River  
this summer. Order 200 90-0027 DWR  
will reduce ~~the~~ flow of our  
river to a point where The  
life's blood economy - tourism  
will be threatened - especially  
on The lower River in Guerneville  
etc. I am also greatly worried  
about the regulations concerning  
our summer dams. The fire risk  
is huge here & the river water  
is all we have. There won't  
be enough by next Oct to  
use if The heli-copters need  
it. They did last Oct. We  
had a forest fire 2 miles  
from my home! Please help  
us. Sincerely,  
Shirley Detay
