

LATE COMMENT

Dear Ms. Townsend:

Regrettably, no one from our legal division office is able to be physically present at today's scoping meeting for the Bay-Delta WQCP Update today, nor have we submitted comments for this meeting, although we have commented extensively on these issues in the past. As a note for the record, please be advised that we are closely monitoring the process as a whole, including today's webcast. The process has potential to significantly impact many segments of our statewide membership. We are very keenly interested in the update process and we reserve the right to comment and participate in subsequently steps of the process. Thank you.
