Re: Response to DWR Consolidated Opposition to Natural Resources Defense Council et al.'s Motion for Stay of Part II of the WaterFix Hearing Due to Changes in the Proposed Project

Dear Hearing Officers:

North Delta CARES is a volunteer community organization in the North Delta. Our members will be at ground zero for the construction impacts of the new North Delta diversions. Due to the last minute disclosure by the California Department of Water Resources of the information on the phased implementation of the project, North Delta Cares' volunteer leadership was unable to either evaluate or respond to the new information by the deadline set by the Hearing Officers.

North Delta Cares requests that the Hearing Officers allow North Delta Cares to join in the comments of California Water Research, Save the California Delta Alliance and the other Protestants.

Respectfully submitted,

/signed/ Barbara Daly
