State Water Resources Control Board
1001 I Street
Sacramento, California 95814

STATE WATER RESOURCES CONTROL BOARD
DIVISION OF WATER RIGHTS
SACRAMENTO
2015 SEP 16 PM 2:58

Dear Ms. Evoy:

The California Department of Water Resources (DWR) and U.S. Bureau of Reclamation (Reclamation) submit for consideration of the State Water Resources Control Board (State Water Board) the following addendum and errata for the August 25, 2015 petition for a change to the water rights necessary to allow for the implementation of key components of the State's "California WaterFix" program.

DWR and Reclamation have a single correction. The submitted coordinates for the proposed new points of diversion/rediversion longitude and latitude were transposed on the original change petition submission. Thus, DWR and Reclamation hereby amend the coordinates of the proposed new points of diversion/rediversion provided on page 13 of the petition supplemental information to reflect the following:

Intake 2 (upstream)	N 1,910,617	1,674 feet to	(downstream)	N 1,909,050
	E 6,700,485			E 6,701,075
Intake 3 (upstream)	N 1,901,732	1,403 feet to	(downstream)	N 1,900,926
	E 6,699,859			E 6,698,711
Intake 5 (upstream)	N 1,890,497	1,674 feet to	(downstream)	N 1,889,219
	E 6,696,131			E 6,695,050

The maps provided with the petition have also been revised to reflect these corrected coordinates, as well as other non-substantive clarifications. Copies of the revised maps are attached and will also be filed with the State Water Board in hard copy as required by regulation.

DWR and Reclamation submit the following clarifications related to the petition. Due to the size and scope of the California WaterFix, the standard Petition for Change form and accompanying Environmental Information for Petitions form contain fields that, without referencing the supplemental information or draft

environmental impact report/environmental impact statement or draft recirculated environmental impact report / supplemental environmental impact statement (draft EIR/EIS), are difficult to answer. The submitted petition often refers the reader to the supplemental information and the draft EIR/EIS. DWR and Reclamation provide as an addendum to the submitted petition more specific information as to where the necessary information is available.

Petition for Change form

Source of Water

As indicated in the previously submitted petition, the only change requested is the addition of three new points of diversion/rediversion. The source(s) of water associated with those new points of diversion/rediversion is the same source(s) indicated on the existing permits on file with the State Water Board. No new sources of water are requested at this time.

The existing source(s) of water for the permits involved in this petition include:

DWR	16478	Feather River
	16479	Feather River & Sacramento-San Joaquin Delta
	16481	Italian Slough & Sacramento-San Joaquin Delta
	16482	Italian Slough & Sacramento-San Joaquin Delta & San Luis Creek
Reclamation	11315	American River
	11316	American River
	12721	Sacramento River
	12722	Sacramento River
	12723	Sacramento River
	11967	Trinity River
	11968	Trinity River
	11969	Trinity River
	11971	Trinity River
	11973	Trinity River
	12364	Clear Creek

Ownership of location of proposed point of diversion:

The Petition for Change form presents only four options for answering the question regarding the ownership of the proposed point(s) of diversion/rediversion, and the text box provided is limited to listing names and addresses for leases or agreements, all phrased in the present tense. DWR and Reclamation marked the box for "ownership." As contemplated in the draft EIR/EIS and other public documents, should the project be approved, acquisition of the proposed points of diversion/rediversion will take place prior to construction, and thus prior to use of any new points of diversion/rediversion ultimately approved by the State Water Board.

Names and addresses of persons taking water between the existing and proposed points of diversion:

Providing the names and addresses of persons taking water between existing and proposed points of diversion/rediversion is for the purpose of assisting the State Water Board in establishing the appropriate public notice for the petitioned changes. Based on conversation with State Water Board staff prior to submitting the petition, DWR and Reclamation expect that public notice will be provided to all diverters within the Delta, interested parties as identified by the State Water Board, and counties within which state or federal water facilities exist and those containing the proposed California WaterFix. Thus, notice will be made to all water rights holders between the existing and proposed points of diversion/rediversion. Due to the size of the California WaterFix, DWR and Reclamation expect that the State Water Board will hold a hearing on this

petition, which will give all interested parties an opportunity to be heard prior to any final decision on the petition. All diverters and their addresses are on file with the State Water Board.

For convenience, a list of Delta diverters on file with the State Water Board Division of Water Rights is attached. Addresses for entries on this list are on file with the State Water Board and available through the eWRIMS database. The attached list is not exclusive of those that will be provided notice. For convenient access by the public, additional diverter information can be found on the eWRIMS database web address at http://www.waterboards.ca.gov/resources/data_databases/.

Environmental Information for Petitions form

Coordination with the Regional Water Quality Control Board:

For the limited nature for the requested change, the appropriate Regional Water Quality Control Board is the Central Valley Region. The requirement under Cal. Code Regs., tit. 23, section 794 for consultation with the Regional Water Quality Control Board will be satisfied prior to approval of the change petition, as allowed under the regulations. It should be noted, however, that discussions with the Regional Water Quality Control Board took place in 2013 and 2014, and are anticipated to continue and conclude prior to a final decision by the State Water Board.

Federal and state permits, including archeology and photographs:

The California WaterFix requires multiple permits and approvals prior to construction and operation of the proposed additional points of diversion/rediversion. As noted earlier, the form is designed primarily for smaller projects. The California WaterFix is a large complex project described in detail in the extensive draft EIR/EIS. The form does not provide sufficient space to describe these approvals. The submitted petition references the draft EIR/EIS. More specifically, a more comprehensive discussion of necessary approvals can be found in the draft EIR/EIS at section 1.1.5, see specifically Table 1-1 for a summary table of permitting approvals and associated agencies. Furthermore, a complete discussion of archeological resources and the necessary permits is available through information presented in draft EIR/EIS Chapter 18 and 27, sections 18.3.3.9 and 27.3.3.9 specifically. Photographs, to the extent necessary, will be provided once access to the proposed diversion/rediversion points is available for this purpose.

Sincerely,

Nancy Quan
Department of Water Resources

Richard J. Woodley
Bureau of Reclamation

Date: 9/11/15

Date: Sept. 11, 2015

Please indicate County where your project is located here:

STATE WATER RESOURCES CONTROL BOARD

2015 SEP 16 PM 2:59

DIVISION OF WATER RIGHTS SACRAMENTO

PETITION FOR CHANGE

Separate petitions are required for each water right. Mark all areas that apply to your proposed change(s). Incomplete forms may not be accepted. Location and area information must be provided on maps in accordance with established requirements. (Cal. Code Regs., tit. 23, § 715 et seq.) Provide attachments if necessary.

- Point of Diversion, Point of Rediversion, Place of Use, Purpose of Use, Distribution of Storage, Temporary Urgency, Instream Flow Dedication, Waste Water, Split, Terms or Conditions, Other, Application, Permit, License, Statement

I (we) hereby petition for change(s) noted above and described as follows:

Point of Diversion or Rediversion - Provide source name and identify points using both Public Land Survey System descriptions to 1/4-1/4 level and California Coordinate System (NAD 83).

Present: Existing SWP and CVP in-Delta diversion facilities as described in the permits listed in the supplement to this petition and Water Right Decision 1641.
Proposed: Three new points of diversion and rediversion within the Delta as described in the supplement and as shown on the maps attached to this petition

Place of Use - Identify area using Public Land Survey System descriptions to 1/4-1/4 level; for irrigation, list number of acres irrigated.

Present: SWP and CVP authorized places of use as shown on the maps on file with SWRCB
Proposed: No Change

Purpose of Use

Present: Municipal, Industrial, Domestic, Irrigation, Fish & Wildlife Enhancement, Recreation, Streamflow Enhancement, Salinity Control, Incidental Power
Proposed: No Change

Split

Provide the names, addresses, and phone numbers for all proposed water right holders.

No split requested

In addition, provide a separate sheet with a table describing how the water right will be split between the water right holders: for each party list amount by direct diversion and/or storage, season of diversion, maximum annual amount, maximum diversion to offstream storage, point(s) of diversion, place(s) of use, and purpose(s) of use. Maps showing the point(s) of diversion and place of use for each party should be provided.

Distribution of Storage

Present: Distribution of storage is on file with the State Water Resources Control Board
Proposed: No change in distribution of storage requested

Temporary Urgency

This temporary urgency change will be effective from to

Include an attachment that describes the urgent need that is the basis of the temporary urgency change and whether the change will result in injury to any lawful user of water or have unreasonable effects on fish, wildlife or instream uses.

Instream Flow Dedication – Provide source name and identify points using both Public Land Survey System descriptions to ¼-¼ level and California Coordinate System (NAD 83).

Upstream Location:

Downstream Location:

List the quantities dedicated to instream flow in either: cubic feet per second or gallons per day:

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

Will the dedicated flow be diverted for consumptive use at a downstream location? Yes No
If yes, provide the source name, location coordinates, and the quantities of flow that will be diverted from the stream.

Waste Water

If applicable, provide the reduction in amount of treated waste water discharged in cubic feet per second.

Will this change involve water provided by a water service contract which prohibits your exclusive right to this treated waste water? Yes No

Will any legal user of the treated waste water discharged be affected? Yes No

General Information – For all Petitions, provide the following information, if applicable to your proposed change(s).

Will any current Point of Diversion, Point of Storage, or Place of Use be abandoned? Yes No

I (we) have access to the proposed point of diversion or control the proposed place of use by virtue of:
 ownership lease verbal agreement written agreement

If by lease or agreement, state name and address of person(s) from whom access has been obtained.

See addendum for additional explanation on the status of ownership for the proposed points of diversion.

Give name and address of any person(s) taking water from the stream between the present point of diversion or rediversion and the proposed point of diversion or rediversion, as well as any other person(s) known to you who may be affected by the proposed change.

Delta water diverters taking water between the existing and proposed points of diversion are recorded through statements of diversion and use and on on file with the State Water Resources Control Board and available to the public through the eWRIMS database. See addendum for additional explanation.

All Right Holders Must Sign This Form: I (we) declare under penalty of perjury that this change does not involve an increase in the amount of the appropriation or the season of diversion, and that the above is true and correct to the best of my (our) knowledge and belief. Dated at

Right Holder or Authorized Agent Signature

Right Holder or Authorized Agent Signature

NOTE: All petitions must be accompanied by:
(1) the form Environmental Information for Petitions, including required attachments, available at: http://www.waterboards.ca.gov/waterrights/publications_forms/forms/docs/pet_info.pdf
(2) Division of Water Rights fee, per the Water Rights Fee Schedule, available at: http://www.waterboards.ca.gov/waterrights/water_issues/programs/fees/
(3) Department of Fish and Wildlife fee of \$850 (Pub. Resources Code, § 10005)

ENVIRONMENTAL INFORMATION FOR PETITIONS

This form is required for all petitions.

Before the State Water Resources Control Board (State Water Board) can approve a petition, the State Water Board must consider the information contained in an environmental document prepared in compliance with the California Environmental Quality Act (CEQA). This form is not a CEQA document. If a CEQA document has not yet been prepared, a determination must be made of who is responsible for its preparation. As the petitioner, you are responsible for all costs associated with the environmental evaluation and preparation of the required CEQA documents. Please answer the following questions to the best of your ability and submit any studies that have been conducted regarding the environmental evaluation of your project. If you need more space to completely answer the questions, please number and attach additional sheets.

DESCRIPTION OF PROPOSED CHANGES OR WORK REMAINING TO BE COMPLETED

For a petition for change, provide a description of the proposed changes to your project including, but not limited to, type of construction activity, structures existing or to be built, area to be graded or excavated, increase in water diversion and use (up to the amount authorized by the permit), changes in land use, and project operational changes, including changes in how the water will be used. For a petition for extension of time, provide a description of what work has been completed and what remains to be done. Include in your description any of the above elements that will occur during the requested extension period.

The intent of the Petition for Change is to add points of diversion and rediversion contained in water rights permits held by DWR and Reclamation to allow SWP and CVP water to move through the intakes identified by Alternative 4A (California WaterFix) of the Bay Delta Conservation Plan/California Water Fix Partially Recirculated Draft Environmental Impact Report / Supplemental Draft Environmental Impact Statement, if ultimately constructed.

Alternative 4A includes the construction of three fish-screened intakes on the east bank of the Sacramento River between Clarksburg and Courtland, each with a capacity of 3,000 cfs. Each intake would be from 1,403 to 1,674 feet in length along the river bank, depending on location, and would consist of a reinforced concrete structure subdivided into individual bays that can be isolated and managed separately.

Specific discussions of the components of Alternative 4A most relevant to the attached water rights change petition can be found within the Partially Recirculated Draft EIR / Supplemental Draft EIS at sections 1.1; 1.1.4; 4.1; 4.1.2.2; 4.1.2.3; 4.1.2.4; 4.3.7; 4.3.8; 11.1.5.2; Appendix A; Appendix 3B

See Partially Recirculated Draft EIR / Supplemental Draft EIS for additional information available at http://baydeltaconservationplan.com/2015PublicReview/PublicReviewRDEIRSDEIS/PublicReviewRDEIRSDEIS_Links.aspx.

Insert the attachment number here, if applicable:

Coordination with Regional Water Quality Control Board

For change petitions only, you must request consultation with the Regional Water Quality Control Board regarding the potential effects of your proposed change on water quality and other instream beneficial uses. (Cal. Code Regs., tit. 23, § 794.) In order to determine the appropriate office for consultation, see: http://www.waterboards.ca.gov/waterboards_map.shtml. Provide the date you submitted your request for consultation here, then provide the following information.

Date of Request

1/6/2014

Will your project, during construction or operation, (1) generate waste or wastewater containing such things as sewage, industrial chemicals, metals, or agricultural chemicals, or (2) cause erosion, turbidity or sedimentation?

Yes No

Will a waste discharge permit be required for the project?

Yes No

If necessary, provide additional information below:

See Draft REIR/EIS

Insert the attachment number here, if applicable:

Local Permits

For temporary transfers only, you must contact the board of supervisors for the county(ies) both for where you currently store or use water and where you propose to transfer the water. (Wat. Code § 1726.) Provide the date you submitted your request for consultation here.

Date of Contact

n/a

For change petitions only, you should contact your local planning or public works department and provide the information below.

Person Contacted:

Date of Contact:

Department:

Phone Number:

County Zoning Designation:

Are any county permits required for your project? If yes, indicate type below. Yes No

- Grading Permit
- Use Permit
- Watercourse
- Obstruction Permit
- Change of Zoning
- General Plan Change
- Other (explain below)

If applicable, have you obtained any of the permits listed above? If yes, provide copies. Yes No

If necessary, provide additional information below:

See Draft REIR/EIS. Refer to Chapter 13, Land Use, Section 13.3.3.9 for information on local land use.

Insert the attachment number here, if applicable:

Federal and State Permits

Check any additional agencies that may require permits or other approvals for your project:

- Regional Water Quality Control Board Department of Fish and Game
- Dept of Water Resources, Division of Safety of Dams California Coastal Commission
- State Reclamation Board U.S. Army Corps of Engineers U.S. Forest Service
- Bureau of Land Management Federal Energy Regulatory Commission
- Natural Resources Conservation Service

Have you obtained any of the permits listed above? If yes, provide copies. Yes No

For each agency from which a permit is required, provide the following information:

Agency	Permit Type	Person(s) Contacted	Contact Date	Phone Number
See Draft REIR/EIS				

If necessary, provide additional information below:

A full explanation of the permits necessary for the California WaterFix is provided in the draft REIR/EIS. Refer to Chapter 1, Introduction, Section 1.1.5, and specifically Table 1-1, for a list of permitting agencies.

Insert the attachment number here, if applicable:

Construction or Grading Activity

Does the project involve any construction or grading-related activity that has significantly altered or would significantly alter the bed, bank or riparian habitat of any stream or lake? Yes No

If necessary, provide additional information below:

See Draft REIR/EIS. Refer to Chapter 10, Soils, Section 10.3.3.9 for information on this topic.

Insert the attachment number here, if applicable:

Archeology

Has an archeological report been prepared for this project? If yes, provide a copy. Yes No

Will another public agency be preparing an archeological report? Yes No

Do you know of any archeological or historic sites in the area? If yes, explain below. Yes No

If necessary, provide additional information below:

See Draft REIR/EIS. Refer to Chapter 18, Cultural Resources, Section 18.3.3.9, and Chapter 27, Paleontological Resources, Section 27.3.3.9 for information on this topic.

Insert the attachment number here, if applicable:

Photographs

For all petitions other than time extensions, attach complete sets of color photographs, clearly dated and labeled, showing the vegetation that exists at the following three locations:

- Along the stream channel immediately downstream from each point of diversion
- Along the stream channel immediately upstream from each point of diversion
- At the place where water subject to this water right will be used

Maps

For all petitions other than time extensions, attach maps labeled in accordance with the regulations showing all applicable features, both present and proposed, including but not limited to: point of diversion, point of redirection, distribution of storage reservoirs, point of discharge of treated wastewater, place of use, and location of instream flow dedication reach. (Cal. Code Regs., tit. 23, §§ 715 et seq., 794.)

Pursuant to California Code of Regulations, title 23, section 794, petitions for change submitted without maps may not be accepted.

All Water Right Holders Must Sign This Form:

I (we) hereby certify that the statements I (we) have furnished above and in the attachments are complete to the best of my (our) ability and that the facts, statements, and information presented are true and correct to the best of my (our) knowledge. Dated 7/11/2015 at Sacramento, California.

Water Right Holder or Authorized Agent Signature

Water Right Holder or Authorized Agent Signature

NOTE:

- Petitions for Change may not be accepted unless you include proof that a copy of the petition was served on the Department of Fish and Game. (Cal. Code Regs., tit. 23, § 794.)
- Petitions for Temporary Transfer may not be accepted unless you include proof that a copy of the petition was served on the Department of Fish and Game and the board of supervisors for the county(ies) where you currently store or use water and the county(ies) where you propose to transfer the water. (Wat. Code § 1726.)
