

San Luis & Delta-Mendota Water Authority

California WaterFix Petition Hearing, Part 2
Testimony of Jason Peltier

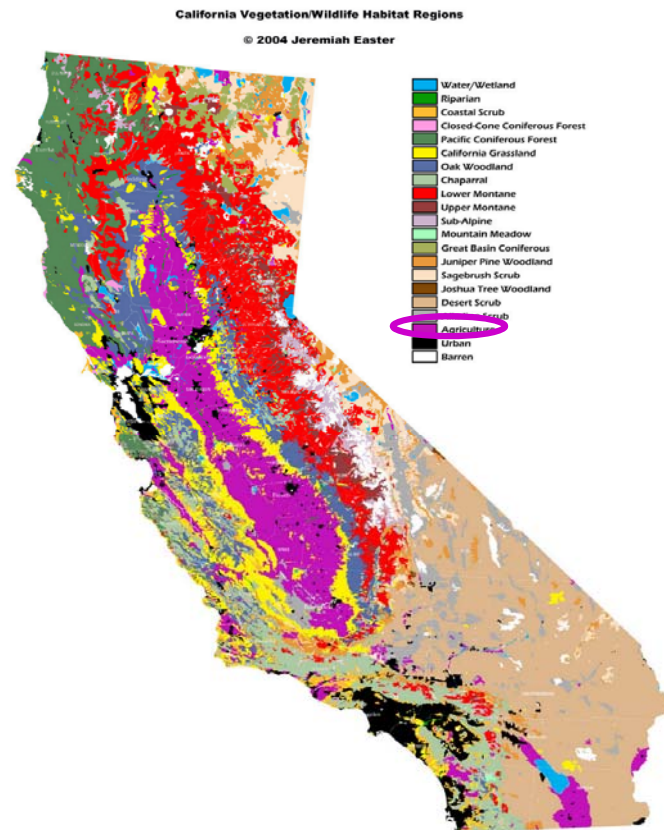

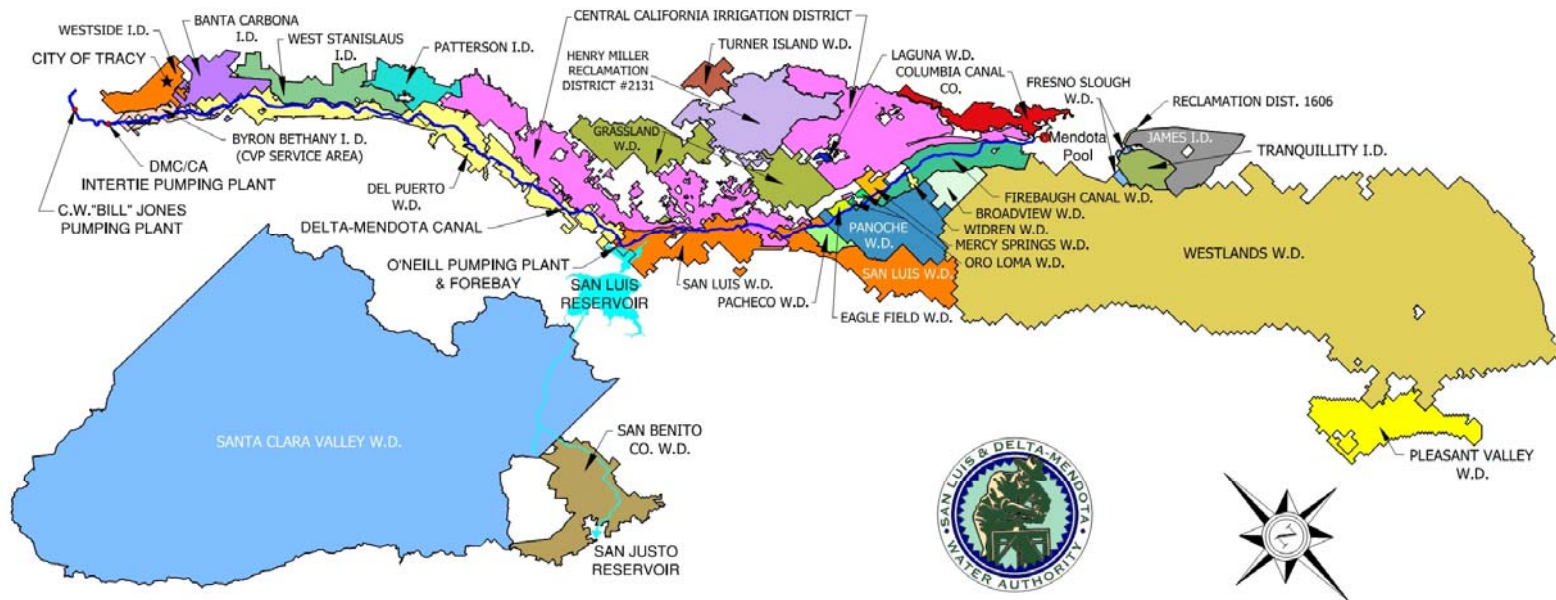

California is 100 million acres.

9 million acres are irrigated farmland.

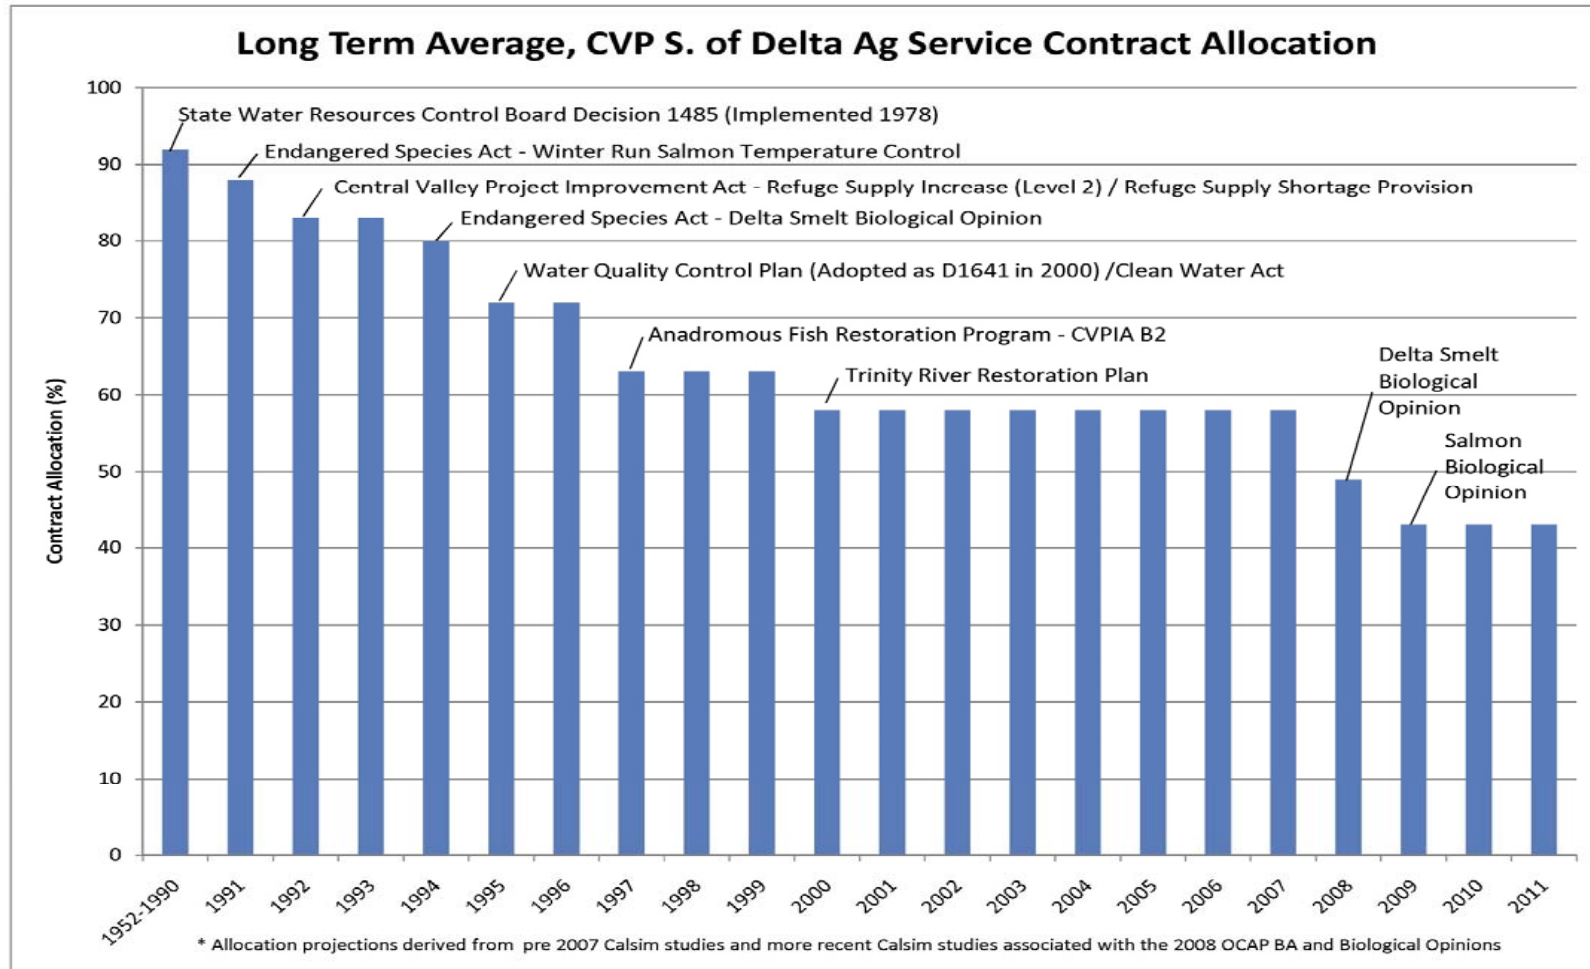

Of those, 3 million acres receive some portion of their water through the Delta.

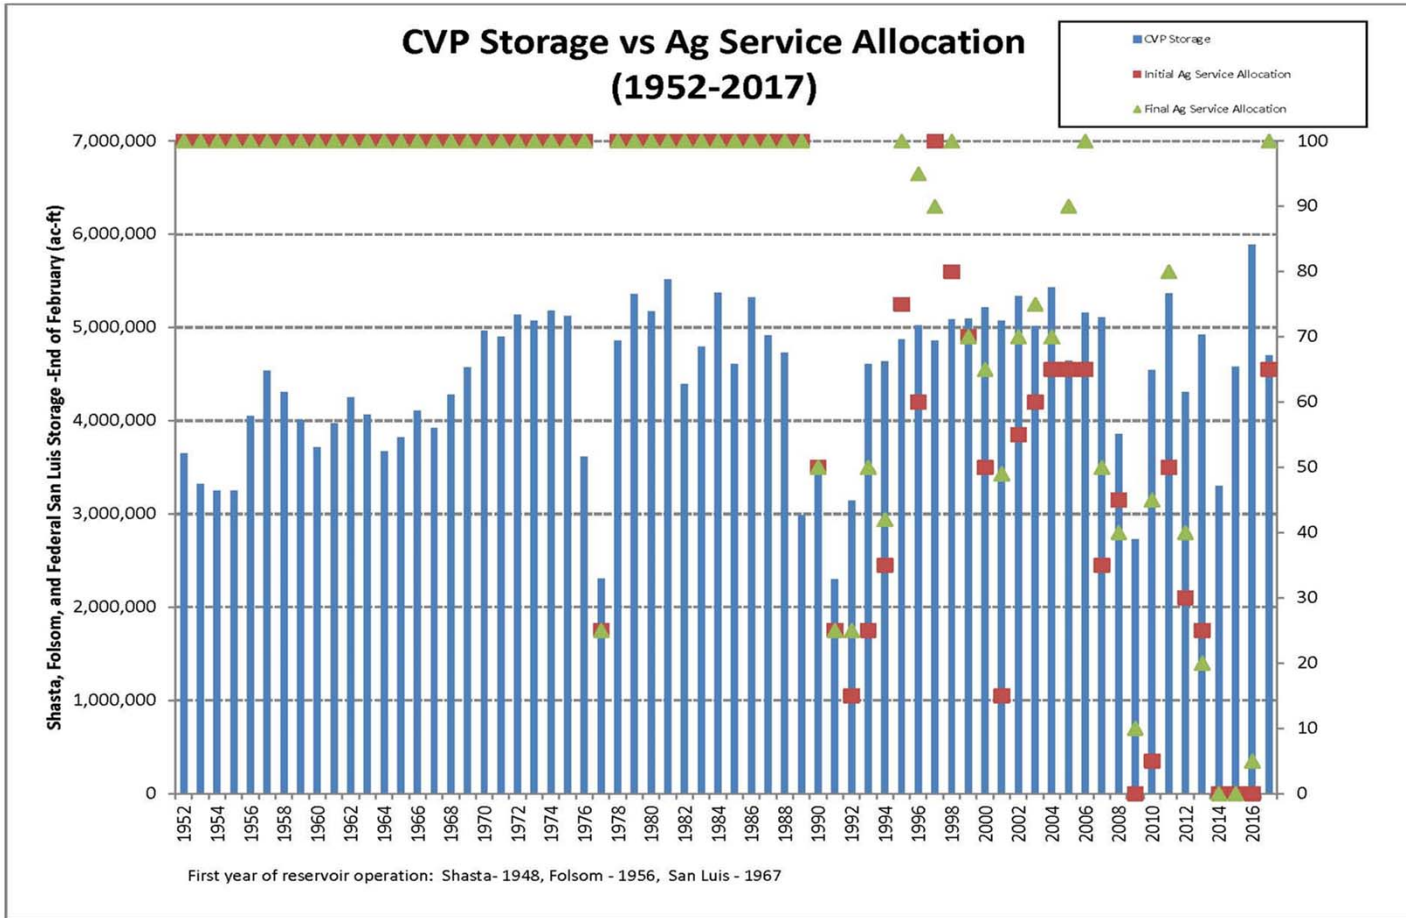

The SLDMWA delivers water to districts serving 1.2 million acres, 2 million people and 180,000 acres of wetlands.
