

PERMIT No. 11316

This is to certify that the application of which the foregoing is a true and correct copy has been considered and approved by the State Water Rights Board SUBJECT TO VESTED RIGHTS and the following limitations and conditions:

1. The amount of water to be appropriated shall be limited to the amount that can be beneficially used.
2. The amount of water to be appropriated shall not exceed 700 cubic feet per second by direct diversion to be diverted between about November 1 of each year and about August 1 of the succeeding year and 300,000 acre-feet per annum by storage to be collected between about November 1 of each year and about July 1 of the succeeding year.
3. The maximum amounts herein stated may be reduced in license if investigation so warrants.
4. Construction work shall be completed on or before December 1, 1970.
5. Complete application of the water to the proposed use shall be made on or before December 1, 1990.
6. Progress reports shall be filed promptly by permittee on forms which will be provided annually by the State Water Rights Board. (10)
7. Permittee shall maintain a daily record of inflow into and outflow from Folsom Reservoir, volumes in storage and water surface elevations. Permittee shall maintain like records with respect to Nimbus Reservoir. Permittee shall provide and maintain such measuring facilities as may be necessary for the formulation of said records. Permittee shall make said records of inflow, outflow, volumes in storage and water surface elevations available to the State Water Rights Board and shall allow authorized representatives of said Board access to its project works and properties for the purpose of securing supplemental information. (0060046)
8. The amounts which may be diverted under rights acquired or to be acquired under this permit are and shall remain subject to reduction by future appropriation of water for reasonable, beneficial use within the watershed tributary to Folsom Reservoir. (0350600)
9. This permit shall be subject to an agreement to be entered into between the United States of America and the water users of the Sacramento River and the Sacramento-San Joaquin Delta with respect to releases from Folsom and Nimbus Reservoirs

in co-ordination with other units of the Central Valley Project for consumptive uses and salinity control in the Sacramento-San Joaquin Delta, provided such agreement is entered into within one year from date of issuance of a decision by the State Water Rights Board in connection with and after hearing on Applications 5625, 5626, 9363, 9364, 9365, 9366, 9367, 9368 and 10588 of permittee, and is approved by the State Water Rights Board, or in the event of failure to reach an agreement by that date, this permit shall be subject to further order of the Board, which order shall be preceded by further hearings. (0430300)

10. Permittee shall by-pass down the natural channel of American River below Folsom Dam and Nimbus Dam for the purpose of maintaining fish life such flows as are provided for in that certain document entitled "Memorandum of Operating Agreement for the Protection and Preservation of Fish Life in the American River as Affected by Folsom and Nimbus Dams and their Related Works and Diversion of Water Under Contracts with the United States" between the United States and the California Department of Fish and Game, dated October 15, 1957, filed of record as Fish and Game Exhibit 19 of the hearing of Applications 13370, 13371, 13372 and 14462.

11. Deliveries of water under this permit shall be limited to deliveries for beneficial use within Placer, Sacramento and San Joaquin Counties and shall not be made beyond the westerly or southerly boundaries thereof, except on a temporary basis, until the needs of those counties, present or prospective, are fully met provided, however, that agreements in accordance with Federal Reclamation laws between permittee and parties desiring such service within said counties are executed by July 1, 1968. (0280301)

12. The right to divert and store water and apply said water to beneficial use as provided in this permit is granted to the United States as Trustee for the benefit of the public agencies of the State together with the landowners and water users within such public agencies as shall be supplied with the water appropriated hereunder.

13. Subject to compliance by the public agencies concerned with any and
