CERTIFIED MAIL NO: 9589 0710 5270 2654 1071 94

Dear Emiliano Ceballos or Jose Ceballos:

NOTICE OF VIOLATION FOR UNAUTHORIZED DIVERSION AND FAILURE TO FILE
A STATEMENT OF WATER DIVERSION AND USE FOR TEHAMA COUNTY
ASSESSOR PARCEL NUMBER (APN) 021-210-023-000.

The State Water Resources Control Board (State Water Board), Division of Water Rights (Division) received information from the California Department of Fish and Wildlife alleging that you are diverting surface water for cannabis cultivation. You live in a County that does not allow legal cannabis cultivation and your property has been documented with illegal cannabis cultivation.

You are identified as the owner of the property referenced above. The Division is contacting you to provide you notice that you are in violation of the California Water Code (WC) and the State Water Board's Cannabis Cultivation Policy (Policy) requirements. The purpose of this letter is to gather information, provide you notice that your diversion of water is subject to the State Water Board's permitting authority, and to inform you of your regulatory compliance options, or risk administrative civil liability. This letter is your notice that you are in violation of the WC and Policy. You must take immediate action to come into compliance or risk civil liability on a per day, per violation.

The information obtained by the State Water Board identifies that you are diverting water subject to the State Water Board's permitting authority for cannabis cultivation without an appropriative water right that authorizes your water diversion and use. A diversion of water subject to the State Water Board's permitting authority without a basis of right is an unauthorized diversion or use of water. An unauthorized diversion or use of water constitutes a trespass against the State, and the State Water Board may impose

E. JOAQUIN ESQUIVEL, CHAIR | ERIC OPPENHEIMER, EXECUTIVE DIRECTOR

1001 I Street, Sacramento, CA 95814 | Mailing Address: P.O. Box 100, Sacramento, CA 95812-0100 | www.waterboards.ca.gov

a civil liability in an amount not to exceed \$1,000 for each day that the unauthorized

diversion or use of water occurs, plus \$4,000 for each acre-foot of water diverted during a drought. If an unauthorized diversion or use of water occurs for unlicensed cannabis cultivation, the State Water Board may impose a civil liability in an amount not to exceed \$4,000 for each day that the unauthorized diversion or use of water occurs. (WC § 1052, et seq.)

In addition, WC section 5101 requires, with minor exceptions, that a person who diverts water from a stream in the absence of a permit, license, or registration must file a Statement with the State Water Board. If you divert water, then you are required to report your water diversion and use to the State Water Board for October 1 – September 30 prior to February 1 of the succeeding year by filing a Statement pursuant to WC section 5101.

If you have multiple diversion locations (i.e., you divert water from a stream from multiple locations or divert water by use of a dam), a separate Statement is required to be filed for each diversion location. If you have any questions about how many diversion points your water infrastructure uses, please contact the Division at the phone number or email provided below.

The State Water Board may administratively impose a civil liability in the amount of \$2,000 for the failure to file a Statement for each point of diversion, plus \$800 per day for each additional day on which the violation continues if the person fails to file a Statement within 30 days after the State Water Board has called the violation to the attention of that person. (WC § 5107, subd. (c)(1)).

This letter constitutes your notice of the abovementioned WC and Policy requirements. Your response to the allegations listed in this notice is required and should be submitted within a timely manner. The State Water Board has discretion when considering an enforcement action and shall consider your corrective actions taken in response to this notice in determining whether and what civil liability is appropriate for violations.

Therefore, this matter requires your immediate attention.

Within 30 days from the date of this notice letter you should take the following corrective actions:

1. You must cease your diversion of water and use for cannabis cultivation.
2. Remove your cannabis cultivation infrastructure that includes water conveyance and water storage; and
3. You must file a Statement for each diversion location on your property whether you use water diverted for cannabis or other uses.

You must also submit photographic proof and/or other documentation that supports your corrective actions taken. You can submit your documents via email to dwr.cannabisenforcement@waterights.ca.gov.

For questions, you can reach us by phone at 916-341-5362.

Information on how to obtain a water right application, filing an Initial Statement is listed below:

To file an application to appropriate water by permit:
