Good morning Water Board,

Thank you for your time, patience and understanding while Baywood Golf and Country Club works through the extremely important due diligence of understanding our liability regarding our failure to submit the annual water diversion forms.

We have had wholesale changes in our management of the facility and were temporarily unaware of our legal requirement with regards to the stated forms.

Please allow us the opportunity to understand our liability and make any payments and or question the delinquent nature of this notice/fine.

Attached is a request for hearing. We appreciate the latitude as we put our heads together to be sure this does not happen in the future and gain a better understanding of the information that is required.

Thank you
