Reminder Notice:

According to our records, you have not submitted your 2016 water diversion and use report for the water right (permit, license, registration or certificate) or claim of right (riparian or pre-1914 claim) on file with the Division of Water Rights.

Water right reports are due by April 1st of every year. Claims of right are due by July 1st of every year. You can submit your report by logging onto our Report Management System at <https://rms.waterboards.ca.gov>

If you need assistance with reporting, please contact our Data Management Unit at (916) 341-5431 or via email at eWRIMS@waterboards.ca.gov

Not only is reporting required, data you submit helps manage water resources for all Californians, especially during drier periods.

Thank you for your cooperation.
