

**COMMENT LETTER OF THERESA SIMSIMAN  
IN THE MATTER OF HEARING ON PROPOSED REVOCATION OF PERMITS  
16209, 16210, 16211 AND 16212, OF THE UNITED STATES**

Representing the whitewater recreational interest, I am forwarding this comment letter of support for the State Water Resources Control Board's Draft Order Revoking Permits 16209, 16210, 16211 & 16212. There is no mistaking the positive impact this would have to the management of the Auburn State Recreational Area and it's status for Interior's National Recreation Area & Wild and Scenic River eligibility. Thus, I hope for the expeditious adoption of this Draft Order as written.

Sincerely,

Theresa L. Simsiman
