

Dear Board members,

I am writing you to voice my concerns with your increase of water exports from the Merced, Stanislaus and Tuolumne Rivers. I would hope that the board could look into other options that would have less impact on the San Joaquin valley economy than the current proposal. There are a lot of resident and businesses that depend on the water in the San Joaquin valley locally. Care and concern should be given to our community when stripping away our water rights.

Yours Truly
