Follow Up Email;

The DWR/BBID agreement requires BBID to provide records of daily diversions to the DFD. If BBID is not diverting, BBID staff should continue to report daily even if it has not diverted any water. This process is crucial for our pre and further scheduling for Water diversions for the Export Management Section.

Thank you for your cooperation in this matter.

I have not received any electronic email reports for water diversions for BBID as of 6/23/2015, can you please bring these reports up to date at this time. Also please continue these reports even if the water diversions are at 0 (zero).

Have a great day.....
