

Proposed 4-foot Flashboard
(gate raised)

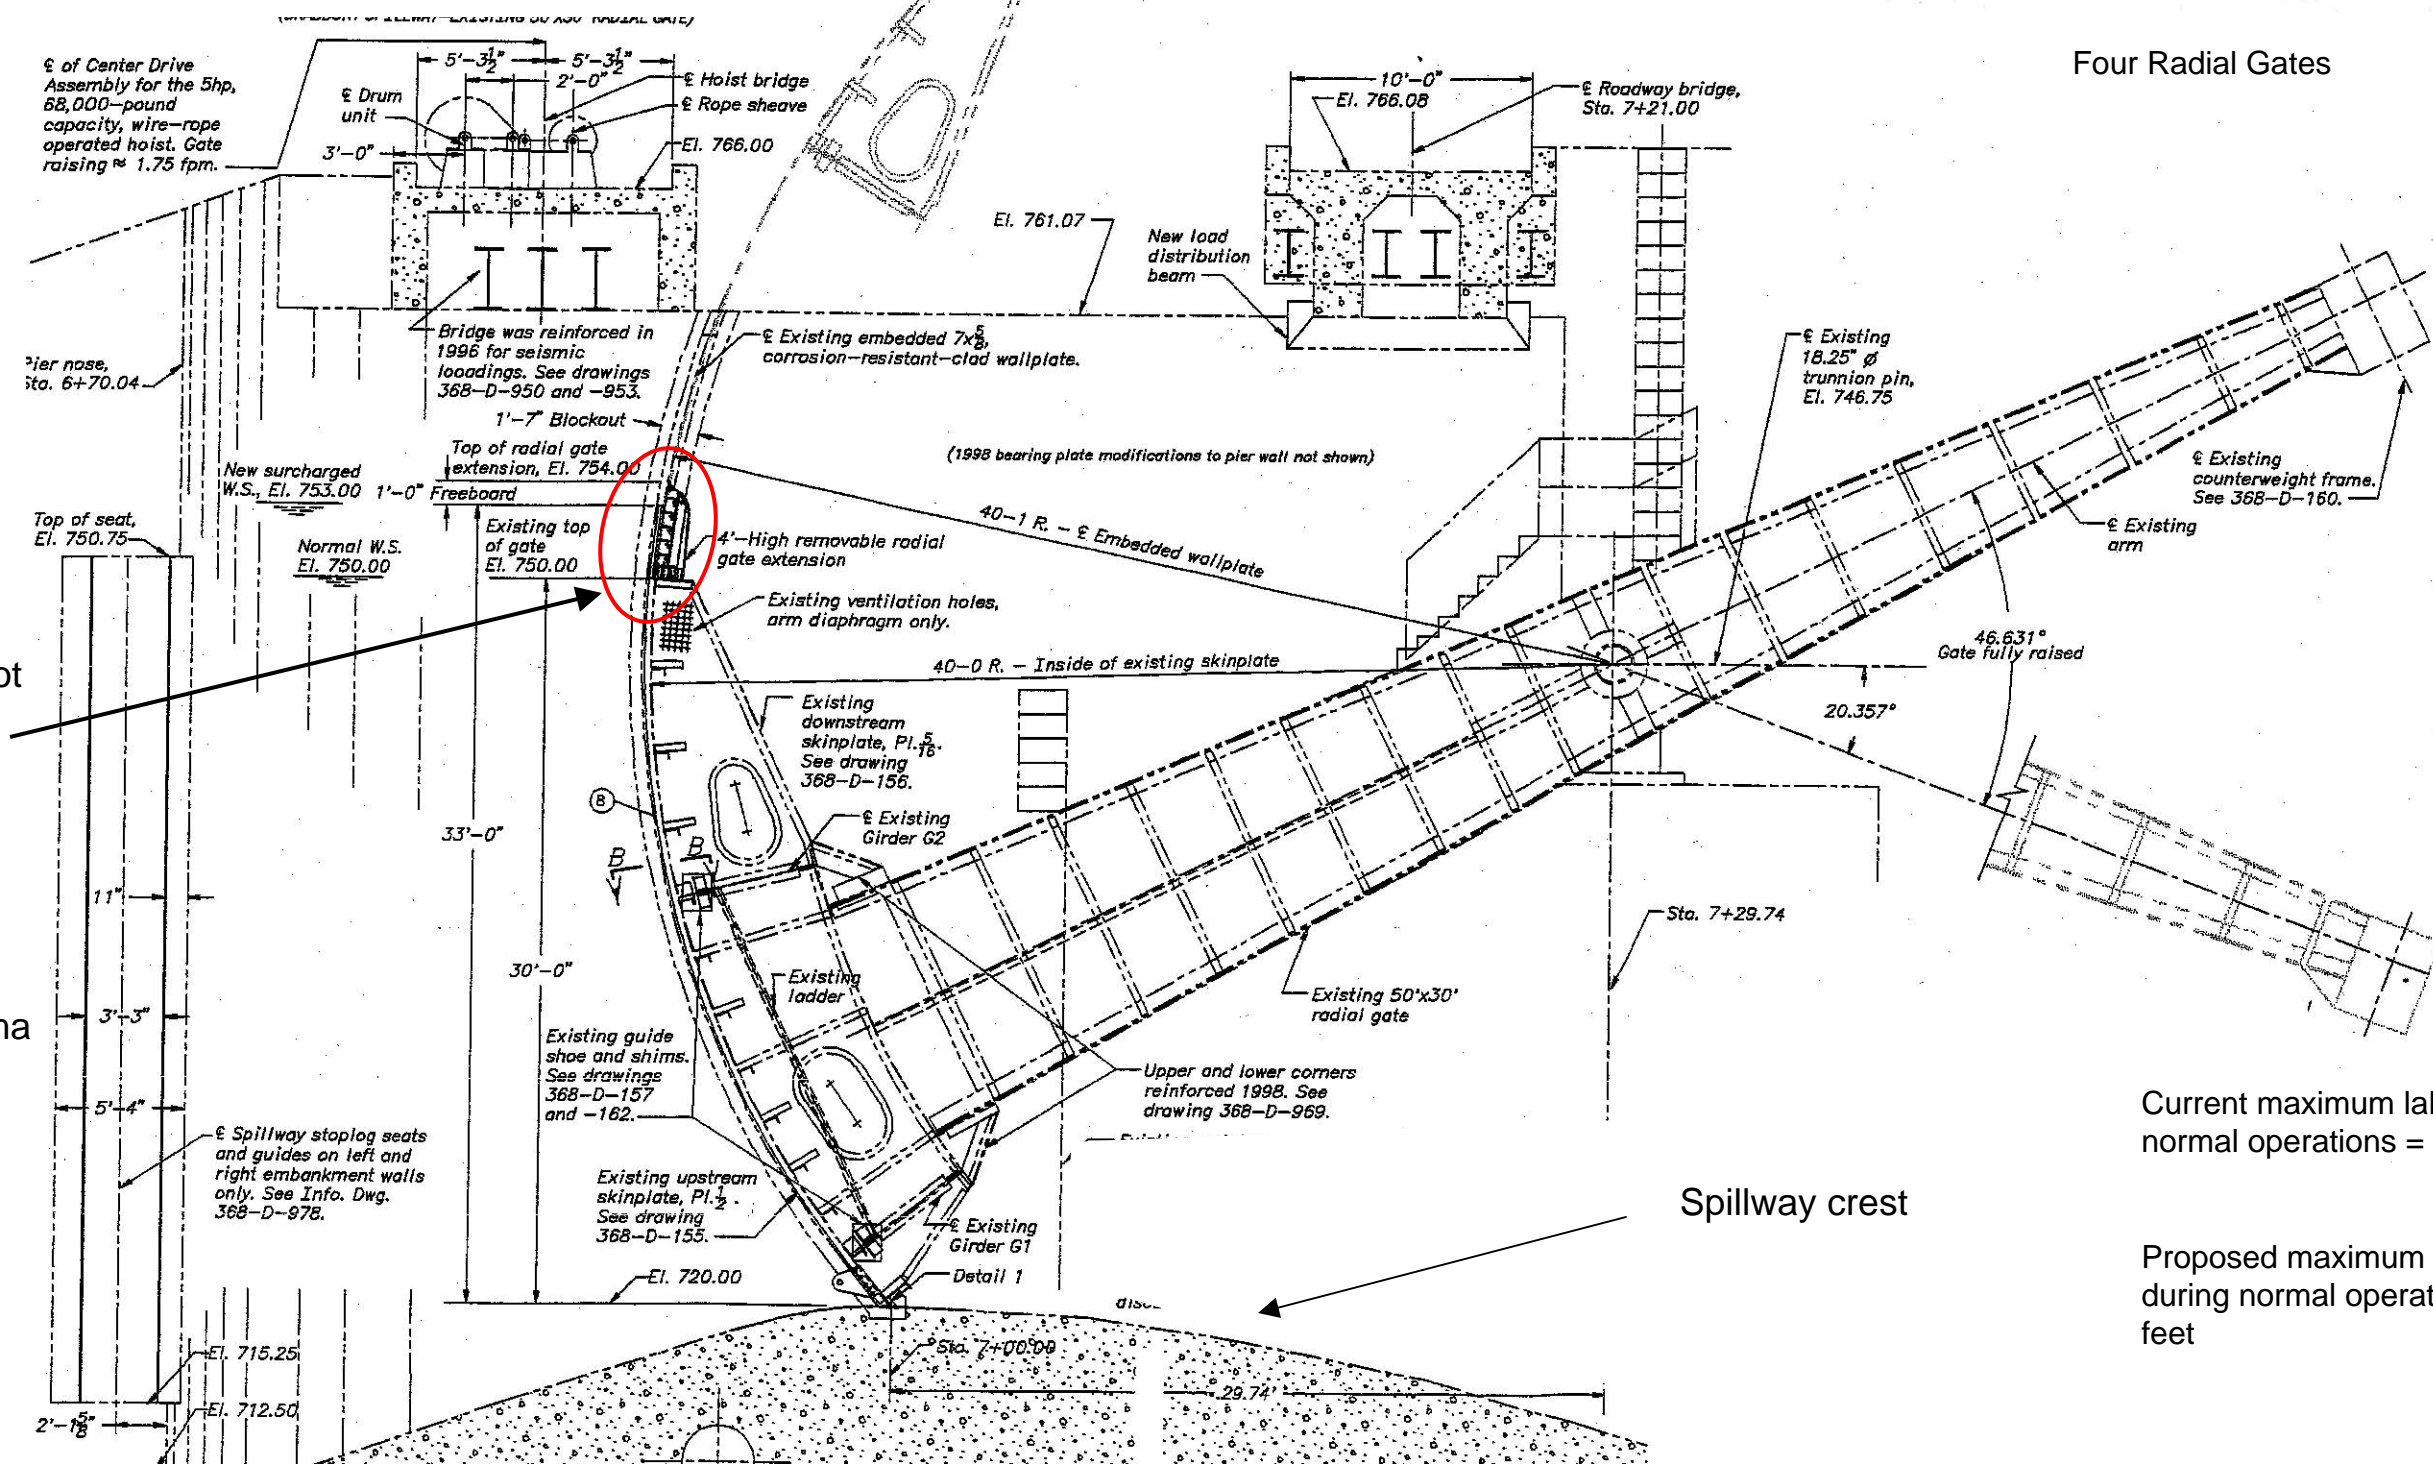

The proposed flashboards will be four feet in height, but will only be used for a 3-foot surcharge. The additional one foot is for freeboard only.

Locations of flashboards

Proposed 4-foot Flashboard
(gate closed)

Lake Cachuma
(this side)

Four Radial Gates

Current maximum lake level during normal operations = 750.75 feet

Proposed maximum lake level during normal operations = 753.0 feet
