

NOTICE OF INTENT TO APPEAR

Monterey Peninsula Water Management District plans to participate in the water right hearing regarding

**Monterey Peninsula Water Management District's (MPWMD) Petition to Add Points of
Diversion and Place of Storage Under Permits 7130B and 20808
(Applications 11674B and 27614)**

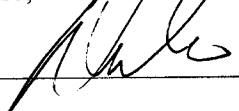

Scheduled for

Monday, September 24, 2007, and continuing
if necessary, on Tuesday, September 25, 2007

- I/we intend to present a policy statement only.
- I/we intend to participate by cross-examination or rebuttal only.
- I/we agree to accept electronic service of hearing-related materials.
- I/we plan to call the following witnesses to testify at the hearing.

| NAME | SUBJECT OF PROPOSED TESTIMONY | ESTIMATED LENGTH OF DIRECT TESTIMONY | EXPERT WITNESS (YES/NO) |
|-----------------|-------------------------------|--------------------------------------|-------------------------|
| David A. Berger | See Attached – Attachment A | 20 Min. | Yes |
| Andrew M. Bell | | 20 Min. | Yes |
| Darby W. Fuerst | | 20 Min. | Yes |
| Joe Oliver | | 20 Min. | Yes |
| Kevan Uqhart | | 20 Min. | Yes |
| Larry Hampson | | 15 Min. | Yes |
| Henrietta Stern | | 20 Min. | Yes |
| Kent Turner | | 20 Min. | Yes |
| Steve Leonard | | 20 Min. | Yes |
| Tom Bunosky | | 20 Min. | Yes |
| Clive Sanders | | 10 Min. | Yes |

Name, Address, Phone Number and Fax Number of Attorney or Other Representatives

Signature:  Dated: 7/19/2007

Name (Print) David C. Laredo

Mailing

Address: 606 Forest Avenue
Pacific Grove, CA 93950

Phone Number: (831) 646-1502

Fax Number: (831) 646-0377

E-mail Address: dave@laredolaw.net

ATTACHMENT A

WITNESSES, SCOPE OF TESTIMONY & LENGTH OF TIME

1. David A. Berger, General Manager for the Monterey Peninsula Water Management District (Water Management District, or MPWMD), shall provide a brief overview of MPWMD's legislated functions and program activities, its inter-relationship with California American Water (CAW), the manner in which the Seaside Groundwater Basin Aquifer Storage and Recovery (ASR) Project shall complement CAW's mission, and MPWMD's relationship with the Seaside Groundwater Basin Watermaster Board. Time estimate: 20minutes.

2. Andrew M. Bell, District Engineer and Manager of Planning and Engineering for the Monterey Peninsula Water Management District, shall provide an overview of MPWMD water rights and the pending change petitions. He has participated in planning, engineering, and environmental impact investigations for near-term and long-term water supply projects to expand available supplies. These projects include New San Clemente Dam and Reservoir, New Los Padres Dam and Reservoir, Cañada Reservoir, Carmel River Dam and Reservoir, California Public Utilities Commission's Carmel River Dam Alternative (Plan B) Project, Cal-Am's Coastal Water Project, various seawater desalination projects, various wastewater recycling projects, and the ASR Project. He is familiar with local, state, and federal regulations regarding construction and operation of water supply projects, and is also familiar with the Water Management District's management responsibility and practice with respect to CAW's water supply operations in the Monterey Peninsula area. Time estimate: 20 minutes.

3. Darby W. Fuerst, Water Resources Manager for the Monterey Peninsula Water Management District, shall provide an overview of water availability and constraints relating to

the pending change petitions. He has knowledge of the limitations of existing developed water supplies and is aware of dry weather patterns and past mandatory water rationing requirements that affect CAW customers. He has participated in the environmental review regarding impacts caused by present water supply practices and the planning for near-term projects to expand available water supplies. Mr. Fuerst shall testify to the development, maintenance, and application of the Water Management District's computer simulation model of the water resources of the Monterey Peninsula area. This computer model is the Water Management District's principal analytical tool for assessing the performance of the water resources system under varying physical, structural, and operational conditions. Time estimate: 20 minutes.

4. Joe Oliver, Senior Hydrogeologist for the Monterey Peninsula Water Management District, shall provide technical details regarding ASR Project operations, its effects upon the Seaside Groundwater Basin, and the manner in which the recovered water shall be coordinated with CAW's other water supplies. He has knowledge of water constraints imposed upon the Carmel River and the Seaside Groundwater Basin. Time estimate: 20 minutes.

5. Kevan Uqhart, Senior Fisheries Biologist for the Monterey Peninsula Water Management District, shall provide an evaluation of impacts to Carmel River fisheries and other resources, and the effects of the ASR Project upon instream flow requirements. Time estimate: 20 minutes.

6. Larry Hampson, Water Resources Engineer for the Monterey Peninsula Water Management District, is familiar with flood and erosion potential for the Carmel River, and shall provide an overview of the effects of the ASR Project. Time estimate: 15 minutes.

7. Henrietta Stern, Project Manager/Public Information Representative for the Monterey Peninsula Water Management District, shall provide an overview of the evaluation of water supply alternatives undertaken by the Water Management District in accord with state and federal environmental review requirements. Time estimate: 20 minutes.

8. Kent Turner, President of California American Water (CAW), shall provide an overview of CAW, its inter-relationship with MPWMD, and the manner in which the ASR Project shall complement CAW's mission. Time estimate: 20 minutes.

9. Steve Leonard, Vice-President and Manager, Coastal Division, California American Water (CAW) Monterey District, shall testify as to the manner in which the ASR Project shall work within the CAW system. Time estimate: 20 minutes.

10. Tom Bunosky, Operations Manager, Coastal Division, California American Water (CAW) Monterey District, shall testify regarding CAW system operations. Time estimate: 20 minutes.

11. Clive Sanders, Carmel River Watershed Conservancy, will provide testimony regarding the Sierra Club position on the ASR Project, and benefits the project shall provide to the Carmel River. Time estimate: 10 minutes.
