---

Jeanine Townsend  
Clerk to the Board  
State Water Resources Control Board  
PO Box 100  
Sacramento, CA 95812-0100

Dear Ms. Townsend:

I am writing to oppose the State Water Resources Control Board's draft Cease and Desist Order against Cal Am Water Co. because the action would decrease the

amount of water available within the Cal Am service area to levels that would prevent the recovery of the Hospitality Industry to a sustainable level of activity.

I believe that local water agencies, currently working in concert with a myriad of local community representatives and the state Public Utilities Commission, will be able to implement a regional water project by 2012, addressing the concerns of the SWRCB and securing a water supply to replace current pumping of the Carmel River basin.

Please resist the need to impose the order and let our local officials reach a solution so that our \$2 billion hospitality industry can flourish and our residents and businesses don't lose jobs.

Thank you for your consideration.

Alex Hulanicki
