Dear Ms. Townsend,

We are owners and residents of the house at 1041 Rodeo Road, Pebble Beach. We had also purchased water right from California American Water Company. Our plan is to use the water right to remodel and add extra showers, bathtubs, sinks and toilets to our existing house at 1041 Rodeo Road.

Unfortunately the State Water Resources Control Board Cease and Desist Order will destroy our plans for building a bigger house and also destroy our hope and dream for a better future. Many of our neighbors in Pebble Beach are facing the same predicament.

Thank you in advance for any assistance the State Water Resources Control Board could provide for the residents of Pebble Beach.

Yours sincerely,

Paul Lim, Wilma Lim . 9/27/2009
