Subject: Water Right Resources

Mr. Peters.

I received your voice messages.   Thank you for the contact information for Mrs. Donovan.   As we discussed on the phone, here is a link to Water Code 1228.1 concerning registration of ponds for small domestic, small irrigation, and livestock stockpond use:

   http://www.leginfo.ca.gov/cgi-bin/displaycode?section=wat&group=01001-02000&file=1228-1229.1

Additional information concerning the water rights application process can be found on the State Water Resources Control Boards website at:

http://www.waterboards.ca.gov/waterrights/water_issues/programs/applications/

I am working with staff to review your past application file and determine specifically the additional information that you would be required to file to diligently pursue an application for your current use, once staff has completed there review of your prior application we can discuss those matters further.   As I stated in our phone call and as provided in documents provided to you, you have 20 days from the date that you received the Administrative Civil Liability Complaint and Draft Cease and Desist Order to request hearings in those matters.

Please let me know as soon as you retain an attorney in this matter, if you do retain an attorney.

Thank you,

Yvonne West
