Dear Mr. Frost:

TIME EXTENSION PETITIONS ON PERMITS 19164 AND 19165 (APPLICATIONS 26306 AND 26307) – SHASTA RIVER IN SISKIYOU COUNTY

The State Water Resources Control Board (State Water Board), Division of Water Rights (Division) has been corresponding with you regarding the time extension petitions for Permits 19164 and 19165 of Emerson Investment Inc. (Permittee). Your letter of December 16, 2005 states that the Permittee is no longer asking for an extension of time. The Permittee requests issuance of a license for each permit. Accordingly, the time extension petitions are considered withdrawn as of the date of your letter. This matter will be referred to the Division's licensing unit to determine whether the permits can be licensed or should be revoked.

In your letter, you request to meet with Division staff to discuss the issue of water diversion and use under the permits. The meeting should involve the Division's Licensing Unit staff because the project has been transferred to that unit. Please contact Richard Satkowski at 916-341-5439 to arrange a meeting.

I can be contacted at (916) 341-5363 if you require further assistance.

Sincerely,
