Subject: COMMENT LETTER – 2/16/10 BOARD MEETING
ITEM: ORDER – KERN RIVER

The undersigned agree with the staff's finding that there is water available on the Kern River. The City of Bakersfield has applied to run available water down the riverbed and we support this effort.

This riverbed has been dry for years and is an eyesore to the community. Running water in the riverbed will help refill the aquifer, restore the natural environment and provide many recreational opportunities for our citizens.

Please approve the recommended order.

Thank you,
