Jeanine Townsend
Clerk To The Board state water Resources Control Board

Subject: Comment Letter - 2-16-10 Board Meeting item:
Order - Kern River.

Dear Ms. Townsend

I am thrilled at the prospect of finally receiving water in our Kern River, to flow year round! What a Treasure that would be to our city and valley. We are on the migratory path for so many birds who would be attracted to our river and wetlands. It would encourage healthier life styles for our Bakersfield citizens to enjoy hiking, biking, and observing God's abundant blessings in nature.

I am for running the "loose" and unappropriated water down the Kern River for the citizens and wild life of Bakersfield and Kern County to enjoy.

Thank you!

Sincerely,

Marilyn R. Perry
