Dear Members of the SWRCB:

I urge you to please approve the "draft recommendation" to support the City of Bakersfield's application to run the unappropriated water through our historic Kern River channel as it weaves its way through metropolitan Bakersfield. I was a member of the Bakersfield City Council from 1985 to 2004 when I retired. I was also a member of the Central Valley Regional Water Quality Control Board from 2000-2003.

Sincerely,
Mark C. Salvaggio
