

Jeanine Townsend, Clerk to the Board
State Water Resources Control Board
P.O. Box 100
Sacramento, California 95812-0100

I support the City of Bakersfield's application to run available water down the Kern Riverbed. I agree with staff's finding that there is water available on the Kern River. As a member of the board of a local Kern County Water Company I feel it is necessary to run water in the riverbed to help replenish the aquifer and restore the natural environment. We have a right to our river and we want it back.

Sincerely,

A handwritten signature in cursive script that reads "Phillip Wright".
