Dear Mr. Charles Rich,

This is a request to be placed on your list of people that would like to address the Board members at the Sacramento Hearing on November 8 and 9 in regards to the issue of Lake Arrowhead and the Arrowhead Woods Property Owners domestic pre 1914 water rights, as they relate to the use of water out of the lake for our domestic use.

However this is also a protest of not only the location of the Water Rights Division meeting in Sacramento, but the days that were chosen for the hearing.

The Water Rights Division should hold the Lake Arrowhead Hearing at Lake Arrowhead. The facts of your investigation of our domestic water right use, should be heard by the people most effected and at the place of origin in Lake Arrowhead. The taxpayers should not be further inconvenienced with the price of gas and travel to Sacramento to protect their rights.

Also I would like to protest the States poor choice of days for the Hearing. On the 8th day of November, the State of California is holding a statewide election, with among other important issues, the election of the Lake Arrowhead Community Service District Board. To hold the Water Rights Division Board Hearing on the same day as the California election is taking away the Arrowhead Woods Property Owners right to participate in the political process. As a Voting member of this community that would like to see a change of leadership of the LACSD Board it will be impossible to be in two places at once: Working in Lake Arrowhead to get out the vote, and give testimony in Sacramento to protect my lake rights to use the Pre 1914 water rights of riparian and appropriated water for my domestic and recreational use will be impossible.

Therefore my husband and I along with others request the California State Water Resources Control Board Water Rights Division cancel the Lake Arrowhead Hearing for November 8th and 9th, 2005, and re-schedule the Lake Arrowhead Water Rights Hearing to be held at Lake Arrowhead at a later time.

Thank you for your attention in this matter.

Sincerely,
Ann Bellis
