SUPPLEMENTAL STATEMENT OF WATER DIVERSION AND USE

The California Water Code section 5104 authorizes the State Water Resources Control Board (State Water Board) to require triennial statements of water diversion and use. California Water Code chapter 2.7, section 348 authorizes the State Water Board to require online reporting of water diversions. Consistent with these requirements, the State Water Board, Division of Water Rights (Division) developed a new online Report Management System (RMS) as a component of the enhanced Water Right Information Management System (eWRIMS). RMS allows electronic submittal of water diversion and use reports, saving both paper and resources. **All reports must be completed online through RMS; paper copies are not available.** To report online, go to www.waterboards.ca.gov/rms and login with your user ID and password. The information required to login and access your online Supplemental Statement of Water Diversion and Use Report is:

User ID (Water Right ID): **S015022**

Password (Reporting Identifier): **079885**

The report is associated with the diversion works of **Not Specified**. Information about the source, parcel number, county and other summary information is pre-populated on the associated online form if the information is available.

You are required to complete the online reports for the current reporting cycle no later than **June 30, 2013**. You may also submit your record of diversion and use for previous years using RMS. **As indicated in Water Code section 5107, supplemental statements of water diversion and use not filed by June 30th are subject to a monetary penalty of up to \$1,000, and an additional penalty of \$500 per day for each day the violation continues 30 days after the board calls the violation to the attention of that person.**

If you do not have a computer or internet access, you should use a friend's computer, a computer in a public library, or a Division computer to fill out the form. Unfortunately, Division staff cannot fill the form out on your behalf. However, if you wish to seek assistance with the form, you may

contact the Division to request a listing of attorneys and consulting firms with water rights experience. You can also review the listing on the Division's Business Information Contacts webpage at: http://www.waterboards.ca.gov/waterrights/board_info/contacts.shtml. If you have multiple water rights, you must report water use separately for each right. Do not list total combined diversions under multiple rights on one report.

CHANGES FOR 2012 REPORTING

- Beginning with the 2012 reporting year, diverters are required to report the method(s) used in measuring the amount of water diverted. The reporting form now includes a new section for reporting the methods used in measuring your diversion.

SPECIAL REPORTING FEATURES

- It is possible to create one account on the RMS site to report all of your water rights. Please see the RMS login page for more information and instructions. Note: It is not necessary to create an account if you would like to report your water rights individually. Please see the RMS login page for instructions.
- RMS also includes the capability to amend reports submitted incorrectly or in error. This capability applies to past reports as well.
- RMS includes new on screen help tools and instructions

REQUIRED NOTIFICATION OF CHANGE IN OWNERSHIP

Please review and update the ownership information, if applicable. State regulations require the owner of the claim to notify the State Water Board directly of any ownership changes. Your county assessor's office or title company does not notify us of any ownership updates. Notification to the State Water Board should be made using the Change of Name/Address or Ownership form by clicking on the Water Rights Forms link located at www.waterboards.ca.gov/waterrights/board_info.
