REPORT OF LICENSEES

For the mutual benefit of licensee and the public a report is requested concerning the license noted below. With the information made available thereby this office will be in a position to readily advise licensee concerning new applications to appropriate from the same source or any other matters which might affect this appropriation. And if the report is carefully made it will enable this office to protect the owner of the license from any possibility of jeopardizing his rights under the license by reason of unauthorized changes in location of point of diversion or place of use, or otherwise. May we therefore have from you promptly a report upon the following matters? The reverse side of this sheet may be used if the spaces provided are inadequate.

APPLICATION 553 PERMIT 486 LICENSE 659  
APPLICATION 554 PERMIT 487 LICENSE 660

SOURCE springs arising in Millard Canyon

- Name of present holder of license 659 Southern Pacific Railroad Company.  
  
Name of present holder of license 660 Southern Pacific Company and Southern Pacific Railroad Company.  
  
ADDRESS 65 Market Street, San Francisco.
- Was beneficial use of water made under this license in 1929? YES. In 1928? YES. In 1927? YES. If no use of water was made in any one or more of the past three years please state the reason.  
  
.....
- Describe briefly the use of water made during the past three years, indicating (a) the season (particular months) of use, (b) the amount, if known, and (c) the purposes which were served, stating acreage irrigated or average number of people served with domestic supply if such uses were made ..... (a), (b), (c) approximately 0.16 second feet of water minimum supply to irrigation of 13 acres at head gate in Section 32, Township 2 South, Range 2 East, S.B.B. & M.: alfalfa and vegetables are grown in season. Irrigation uses at times as high as 0.40 second feet. Approximately 170,000 gallons in 24 hours average use at Cabazon for Railroad and Domestic purposes averaging about 0.26 second feet with maximum use of 0.37 second feet. 35 persons average number of persons served with domestic water; total flow of spring utilized for all purposes mentioned.
- If either the location of point of diversion or place of use has been changed and the permission of this office has not yet been obtained please described nature of change. NO CHANGE
- If the project has been abandoned please so state and license will be revoked. No.

Dear Sirs:

Attached herewith are Reports of Licensee covering our Licenses 659 and 660, covering our use of water from Millard Canyon and Millard Canyon or Cold Creek San Gorgonio Wash, which is used for irrigation purposes in Sec. 32, Twp. 2S, Rge. 2E, SBBM, and for locomotive and station use at Cabazon. You will note that the Report as to use of water covers the usage made under both of these Licenses.

Yours truly,
