Dear Sir:

Applications Nos. ~~5169-5170-6534~~

This is to advise you that the Truckee River Agreement covering the arrangement between Nevada interests for the construction of certain reservoirs for use of water under the above numbered applications was, on June 13, 1935, formally approved by the Honorable Harold L. Ickes, Secretary of the Interior of the United States. **The document is now in the process of printing subsequent to which elections will be held in the Truckee-Carson Irrigation District and the Washoe County Water Conservation District to the end that the instrument may be executed by the requisite parties.**

Surveys and foundation drillings have been, and are now, in active progress with a view to beginning construction of the proposed reservoirs during the fall of this year.

Very truly yours,

WASHOE COUNTY WATER
CONSERVATION DISTRICT.

By Wes. R. King
Engineer-Manager
