Application 5170

Mr. Thos. R. King,
Engineer-Manager
Washoe County Water Cons. Dist.
Title Insurance Building
Reno, Nevada

Dear Sir:

Receipt is acknowledged of your letter of August 2nd requesting that consideration of Application-5170 be continued until the operative date of the Truckee River Agreement as defined in Article XX thereof. The necessity for such an extension is not apparent to this office for the reason that the Boca Dam, so far as we are informed, is not involved in Application 5170, neither is there any storage under this application. Will you kindly advise therefore why such an indefinite extension is necessary in order to complete this filing.

Very truly yours,

MSE:GG

Harold Conkling
Deputy in Charge of Water
Rights.
