**TECHNICAL MEMORANDUM**

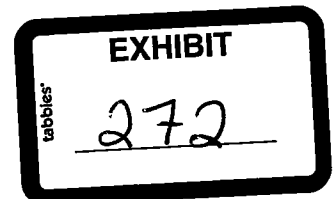

**TO:** Michael J. Van Zandt  
**FROM:** Charles W. Binder  
**RE:** Reported Elevation and Storage Data for Selected Reservoirs, Truckee and Carson River Basins, January 1917 through December 2008  
**DATE:** August 14, 2009

Daily records for water surface elevation and storage content were compiled for selected reservoirs in the Truckee and Carson River Basins for the period January 1917 through December 2008. The selected reservoirs and period of record for daily data are listed below. As indicated in the notes following the table, periodic daily or monthly data are available for earlier years for some reservoirs.

**Period of Record for Daily Elevation and Storage Data

- (a) Some missing data for certain days within range of start and end dates for some stations.
- (b) End-of-month data available for Lake Tahoe for period January 31, 1917 through September 30, 1957.
- (c) Periodic daily data available for Donner Lake for period June 1929 through December 1988.
- (d) Periodic daily data available for Independence Lake for period June 1943 through October 1988.
- (e) End-of-month data available for Boca Reservoir for period December 31, 1938 through September 30, 1960.
- (f) End-of-month data available for Lahontan Reservoir for period January 31, 1917 through September 30, 1960.

All data were obtained from the U.S. Geological Survey (USGS) except for the following:

1. Unreported values determined through interpolation of available elevation-capacity tables.
2. Monthly storage content for Prosser Creek Reservoir for January 1979 through September 1987 obtained from California Department of Water Resources (DWR).
3. Monthly storage content for Independence Lake for June 1943 through October 1988 obtained from Federal Water Master (FWM).
4. Monthly storage content for Stampede Reservoir for October 1969 through July 1970 obtained from DWR.
5. Monthly elevation data for Donner Lake for June 1929 through December 1953, January 1970 through November 1974, and January 1980 through December 1987 obtained from FWM.
6. Monthly storage content for Donner Lake for March 1988 through December 1988 obtained from FWM.
7. Supplemental information for monthly storage content for Donner Lake for November 1929 through December 1988 obtained from Sierra Pacific Power Company.

Available elevation-capacity tables used for interpolation are provided in Appendix A. The water surface elevation and water storage data for the selected reservoirs are shown in Appendix B.
