TECHNICAL MEMORANDUM

TO: Michael J. Van Zandt
FROM: Charles W. Binder
RE: Reported Daily Discharge for Selected Gages, Truckee and Carson River Basins,
January 1909 through December 2008
DATE: August 14, 2009

Daily discharge records were compiled for selected streamflow gages in the Truckee and Carson River Basins for the period January 1909 through December 2008. The selected gages and period of record are listed below. All data were obtained from the U.S. Geological Survey except Truckee Canal at Derby (Water Master Gage) and Independence Creek near Truckee (1953 through 1965) data were obtained from the Office of the Federal Water Master. The daily discharge data for the selected gages are provided in the following tables.

**Period of Record for Selected Streamflow Gages
Truckee and Carson River Basins**

Station Name	USGS Station ID	Start Date	End Date
Truckee River at Tahoe City	10337500	1/1/1909	present
Donner Creek at Donner Dam	10338500	1/1/1929	present
Prosser Creek below Prosser Creek Dam	10340500	10/1/1942	present
Independence Creek near Truckee	10343000	6/6/1952	present
Sagehen Creek near Truckee	10343500	10/1/1953	present
Little Truckee River above Boca	10344400	9/1/1939	present
Little Truckee River below Boca	10344500	1/1/1911	present
Truckee River at Farad	10346000	1/1/1909	present
Truckee River at Reno	10348000	1/1/1909	present
Truckee River at Vista	10350000	1/1/1932	present
Truckee River below Derby Dam	10351600	1/1/1918	present
Truckee River at Wadsworth	10351650	5/1/1965	present
Truckee River near Nixon	10351700	10/1/1957	present
T. Canal at Derby (Water Master Gage)	10351010	4/1/1927	12/28/1999
T. Canal near Wadsworth	10351300	10/1/1966	present
T. Canal near Hazen	10351400	10/1/1966	present
Carson River near Fort Churchill	10312000	4/13/1911	present
Carson River below Lahontan	10312150	10/1/1966	present

- (a) Data for Truckee Canal at Derby reported by USGS for Station ID 10351010 for some years.
- (b) Some data missing for certain days within range of start and end dates for some stations.

Reported Daily Discharge (cubic feet per second) for Selected Gages, Truckee and Carson River Basins
