RE: WIC CDO Rehearing - Modification of Date for Submittal of Stipulations

Dear Hearing Officers Spivy-Weber and Moore:

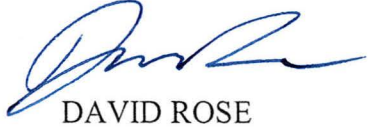

The parties that participated in the January 15, 2015, Pre-Hearing Conference for the Supplemental Public Hearing regarding Cease and Desist Order ("CDO") No. 2011-0005 against Woods Irrigation Company ("Woods") agreed to an April 6, 2015, deadline for the submission of any possible factual and/or legal stipulations that might facilitate the supplemental hearing process. That agreed-upon deadline is reflected in the Hearing Officers' Letter dated January 30, 2015.

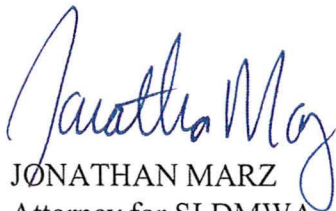

The Prosecution Team, Woods' landowners, and the San Luis & Delta-Mendota Water Authority, Modesto Irrigation District, and State Water Contractors have been diligently meeting and conferring about those stipulations, and have prepared and exchanged proposed stipulations. However, the parties' meet and confer efforts are ongoing and will continue beyond the present April 6 deadline for the stipulations. The parties anticipate being able to conclude their negotiations and submit any stipulations they are able to reach by Monday, April 20, 2015, at noon, and respectfully request that the State Water Board allow and consider stipulations submitted by that date and time. No other modifications of the deadlines in the Hearing Officers' Letter dated January 30, are presently being requested.

Thank you for your time and attention to this matter.

Respectfully submitted,
