Subject: gualala river

**I live in Gualala, ca and live in a Mobile Home Park. (a mostly senior park)
Our ONLY source of water is through the Gualala river through North Gualala Water
compsny.... I have hear CA State AB2121 will require drastic reductions in the amounts of water
both
N. Gualala Water Company and Sea Ranch Water Company can draw from the Gualala River. Please
bear in mind this Is our only source of water aND most of us.... are very aware of our use of water....
and DO NOT WASTE IT.
Please do not pass this bill
Thank you
Cindy
