SWRCB Members

Please know that I have significant concerns about the staff recommendations for AB2121.

In the present form, the impact on The Sea Ranch community will be huge. In an economy that has already diminished property values - this will have a devastating impact.

Please consider a revision to the proposed policy that considers economic and other impacts to current water users!

I have sent similar requests to Governor Schwarzenegger, Senator Pat Wiggins and Assembly member Wesly Chesbro.

Best regards,
